[Rifle Parts](#) > [Barrel Parts](#) > [Rifle Barrels](#)

Quality is imbued into Faxon's barrels from the start. Faxon start with the best materials, either certified 4150 Mil-Spec steel or 416-R Stainless. From there, each barrel goes through a battery of tests at each operation until finished in Nitride and final inspected. All barrels are individually checked for headspace by precision custom hardened gauges. Faxon's MATCH SERIES of barrels takes Faxon's renowned performance and value up a notch. Manufactured in-house from gun-barrel-quality bar-stock, the Match Series starts with 416-R in 5R rifling. 5R is a hybrid rifling, with lands opposite grooves and reduced sharp angles that reduces jacket deformation increasing velocity and easy cleaning. Chambered for 22 ARC, a high performance cartridge that the 5R rifling takes full advantage of. Each barrel is also fully and individually MPI tested for your safety. After rigorous testing, the barrels are Nitride treated inside and out, locking in the bore, improving barrel life, and keeping the elements at bay. The extension is coated in Nickel Teflon which maintains incredible dry lubricity, corrosion resistance, and with the coating, tightens up fit between the extension and receiver - again improving upon accuracy. Combined, the Match Series of barrels are ready for when duty calls or the buzzer beeps with unrivaled performance value. SPECS Barrel Material: 416-R Stainless Barrel Type: Button Rifled Barrel Caliber: 22 ARC Barrel Twist: 1:7 Barrel Length: 20" Barrel Profile: Flame Fluted Barrel Gas System: Rifle Inside Finish: Nitride Outside Finish: Nitride Muzzle Thread: 1/2x28 Gas Block Diameter: .750" Gas Block Journal Length: 1.1" Barrel Extension: M4 Weight: 2.13 lbs Magnetic Particle Inspected! 11-degree Target Crown Uses 6.5 Grendel bolt/BCG \*Faxon Firearms recommends the use of an adjustable gas block with this barrel

# Safety Instruction Guide for MATCH 22 ARC Flame Fluted Contour Rifle Barrel for AR15

## Introduction

Thank you for choosing the MATCH 22 ARC Flame Fluted Contour Rifle Barrel from Faxon Firearms. This guide provides essential safety information and instructions to ensure safe and effective use of your rifle barrel. Please read this guide carefully before installation and use.

## General Safety Guidelines

- Ensure that the product is used in accordance with local laws and regulations regarding firearms.
- Always treat the rifle as if it is loaded, even if you believe it is not.
- Keep the firearm pointed in a safe direction at all times.
- Store the barrel and firearm securely to prevent unauthorized access, especially by children.
- Regularly inspect the barrel for any signs of wear or damage before use.
- Follow all manufacturer instructions for installation and usage.
- Be aware of your surroundings and ensure that you are in a safe environment when handling the firearm.

## Specific Safety Precautions for Use

- Use only ammunition that is compatible with the 22 ARC caliber.
- Ensure that the barrel is properly installed and secured to the receiver before use.
- Avoid using the barrel if it shows signs of damage or excessive wear.
- Do not exceed the recommended gas pressures or use reloaded ammunition that may not meet safety standards.
- Always wear appropriate eye and ear protection when firing the rifle.
- Be cautious of the muzzle direction and ensure that no one is in the line of fire.
- If you experience any malfunctions or unusual behavior during operation, cease use immediately and consult a qualified gunsmith.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that the firearm is completely unloaded and pointed in a safe direction.
- Remove the existing barrel from the receiver according to the manufacturer's instructions.
- Inspect the barrel extension and ensure it is clean and free of debris.
- Install the MATCH 22 ARC barrel by aligning it with the receiver and tightening it to the manufacturer's specifications.
- Check the headspace with precision custom hardened gauges to ensure proper fit.

### 2. Usage:

- Load the firearm with compatible 22 ARC ammunition.
- Ensure that the gas block is properly adjusted if using an adjustable gas block.
- Fire the rifle in a controlled environment, following all safety guidelines.
- After shooting, allow the barrel to cool before cleaning.

## Disposal Instructions

- When disposing of the barrel, follow local regulations regarding the disposal of firearms and firearm components.

- If the barrel is damaged beyond repair, contact a local authority or firearms dealer for proper disposal methods.
- Do not dispose of the barrel in regular household waste.

## **Contact Information for Further Support**

For any inquiries regarding safety, installation, or usage of the MATCH 22 ARC Flame Fluted Contour Rifle Barrel, please consult your local firearms dealer or a qualified gunsmith. It is essential to have access to professional assistance when dealing with firearms to ensure safety and compliance with all regulations.

This safety instruction guide is designed to ensure that you have a clear understanding of how to safely use and maintain your MATCH 22 ARC Flame Fluted Contour Rifle Barrel. Adhering to these guidelines will help you enjoy your firearm responsibly and safely.
