

STANDARD DOT FOR TAURUS 605/856 - XS SIGHT SYSTEMS

STANDARD DOT FOR TAURUS 856/605 GREEN

[Handgun Parts](#) > [Sights](#) > [Sight Sets](#)

The XS Standard Dot Night Sights are designed to enhance your defensive revolver. The sights use a tritium lamp coupled with a proprietary photoluminescent orange or green Glow Dot that absorbs ambient light and glows in low light. The convex dot's additional surface area increases light absorption, intensifying the charge of the Glow Dot. Designed to be large and highly visible, these sights help solve many issues, from aging eyes to deteriorating vision. XS Tritium Night sights are big, bright, and easy to see day or night! The XS Sights Standard Dot for the Taurus 856 and 605 revolvers fits guns with a factory pinned in front sight. The replacement sight is pre-drilled for the retention pin, making installation an easy at home DIY task. Upgrade the performance of your Taurus 856 or 605 with the new XS Sights Standard Dot Night Sights!

Safety Instruction Guide for XS SIGHT SYSTEMS STANDARD DOT FOR TAURUS 605/856 NIGHT SIGHTS

Introduction

Thank you for choosing the XS Standard Dot Night Sights for your Taurus 856 or 605 revolver. This guide provides essential safety instructions and information to ensure the safe use and handling of your new sight system. Please read this guide carefully before installation and use.

General Safety Guidelines

- Ensure that the product is suitable for your specific firearm model (Taurus 856 or 605).
- Always handle firearms safely and responsibly. Follow all local laws and regulations.
- Inspect the sights for any damage before installation. Do not use if damaged.
- Keep the product out of reach of children and unauthorized users.
- Report any unsafe products or incidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Visibility:** The Glow Dot is designed to be highly visible. Ensure that the sights are properly aligned for optimal performance.
- **Installation:** Follow the installation instructions carefully to avoid improper fitting, which may lead to safety hazards.
- **Maintenance:** Regularly check the sights for proper function and cleanliness. Clean with a soft cloth to avoid scratches.
- **Storage:** Store the firearm in a secure location to prevent unauthorized access. Ensure that the sights are not exposed to extreme conditions.

Instructions for Installation and Usage

Installation Instructions

1. **Gather Tools:** Ensure you have the necessary tools for installation, including a screwdriver and any other required equipment.
2. **Safety First:** Before beginning installation, ensure that the firearm is unloaded and pointed in a safe direction.
3. **Remove Existing Sight:** If applicable, carefully remove the existing front sight from your Taurus revolver.
4. **Prepare the New Sight:** Take the XS Standard Dot sight and check the predrilled hole for the retention pin.
5. **Install the New Sight:**
 - Align the sight with the factory pinned front sight location.
 - Insert the retention pin to secure the sight in place.
6. **Check Alignment:** Ensure that the sight is properly aligned and securely fitted.
7. **Final Inspection:** Doublecheck that all components are secure before using the firearm.

Usage Instructions

- **Aiming:** Use the Glow Dot for aiming in lowlight conditions. The tritium lamp will provide illumination.
- **Practice:** Familiarize yourself with the sight system at a shooting range to ensure comfort and accuracy.
- **Monitoring:** Regularly observe the functionality of the Glow Dot. If the illumination dims, consider

replacing the sight.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of in regular household waste. Check for specific disposal guidelines for tritium products.
- If the sight is damaged or no longer usable, contact local authorities for proper disposal methods.

Contact Information for Further Support

For any inquiries or further support regarding the XS Standard Dot Night Sights, please refer to the manufacturer's contact details provided on the packaging or official website.

Thank you for your attention to these safety instructions. Enjoy enhanced accuracy and performance with your new XS SIGHT SYSTEMS Standard Dot Night Sights!
