

BOTTOM METAL FOR HOWA 1500® - GY6 PRECISION LLC HOWA 1500 MINI BOTTOM METAL BLACK

[Rifle Parts](#) > [Receiver Parts](#) > [Bottom Metals](#)

All experienced shooters know that proper torque on action screws are essential for consistent accuracy. GY6 has developed a quality, affordable, aircraft grade aluminum bottom metal for the Howa Mini. Cracked polymer is a worry of the past with GY6 replacement bottom metal for the Howa Mini Action. This drop-in bottom metal is a direct replacement for factory polymer, and is compatible with the factory-supplied Howa Mini Action magazine.

Safety Instruction Guide for BOTTOM METAL FOR HOWA 1500® GY6 PRECISION LLC HOWA 1500 MINI BOTTOM METAL BLACK

Introduction

Thank you for choosing the GY6 Precision LLC Bottom Metal for Howa 1500 Mini. This product is designed to enhance the performance and durability of your firearm. To ensure safe and effective use, please read this safety instruction guide carefully. It contains important information regarding product safety, installation, usage, and disposal.

General Safety Guidelines

- Ensure that all firearm-related products are used in accordance with applicable laws and regulations in your area.
- Always handle firearms with care and follow the manufacturer's instructions for safe operation.
- Keep this product out of reach of children and unauthorized users.
- Regularly inspect the bottom metal and your firearm for signs of wear or damage.
- If you experience any issues or concerns regarding the product, discontinue use and seek professional advice.

Specific Safety Precautions for Use

- Always wear appropriate eye and ear protection when using firearms.
- Ensure that the firearm is unloaded before installing or handling the bottom metal.
- Avoid using the bottom metal in extreme temperatures or conditions that may affect its integrity.
- Do not attempt to modify the bottom metal in any way. Unauthorized modifications may compromise safety and performance.
- Be aware of your surroundings and ensure that you are in a safe environment when using your firearm.

Instructions for Installation and Usage

1. Preparation

- Ensure that the firearm is completely unloaded.
- Gather all necessary tools for installation, including a torque wrench.

2. Removing the Factory Polymer Bottom Metal

- Follow the manufacturer's instructions for disassembling the Howa Mini Action.
- Carefully remove the factory polymer bottom metal from the action.

3. Installing the GY6 Bottom Metal

- Align the GY6 bottom metal with the action.
- Secure the bottom metal using the action screws provided.
- Use a torque wrench to tighten the screws to the manufacturer's recommended torque specifications.

4. Testing the Installation

- After installation, check the fit and functionality of the bottom metal.

- Ensure that the factory-supplied magazine fits securely and functions correctly.

5. Final Inspection

- Conduct a thorough inspection of the firearm to ensure all components are properly installed and secure.
- Test the firearm in a safe environment to confirm that it operates as intended.

Disposal Instructions

- Dispose of the GY6 bottom metal in accordance with local regulations regarding metal recycling.
- Do not dispose of the product in regular household waste.
- Ensure that all components are removed from the firearm before disposal.

Contact Information for Further Support

For any safety inquiries or further support regarding the GY6 Precision LLC Bottom Metal for Howa 1500 Mini, please refer to the appropriate contact resources available in your region. Always prioritize safety and compliance with local laws when seeking assistance.

Thank you for your attention to these important safety guidelines. By following these instructions, you can ensure a safe and successful experience with your GY6 Precision LLC Bottom Metal for Howa 1500 Mini.
