## RAIDER-M 13" HANDGUARD M-LOK FOR AR-15 BLACK

[Rifle Parts](#) > [Build Kits](#) > [Handguards & Rails](#)

The NEW RAIDER Handguard is here! The RAIDER is built using a double wall extrusion creating one of the MOST RIGID FREE-FLOAT PLATFORMS in its weight class. Its unique architecture balances weight, rigidity, and capability translating to a more consistent zero retention with handguard mounted electro-optics and lasers. MIL-STD-1913 remains the most durable interface for mission essential equipment. Accordingly, the BCM RAIDER offers Pic rail where these enhancements are most likely to be positioned with six channels of Pic rail interface at 3, 6, and 9 o'clock, as well as an uninterrupted 1913 rail along the top of the hand guard. The RAIDER rail also features either MLOK\* or KeyMod interfaces at 3, 6, and 9 o'clock for the placement of additional enabling accessories. Finally, a series of ports have been positioned to enable pass throughs for securing vital equipment with zip ties or MIL-SPEC cording. Designed to be used with pistol length, carbine length, or mid length gas systems; all with a low profile gas block. WEIGHT RAIDER M13 handguard: 11.7oz RAIDER M10 handguard: 9.5oz Mounting hardware: 2.3oz

# RAIDERM MLOK Handguards Safety Instruction Guide

## Introduction

Thank you for choosing the RAIDERM MLOK Handguard for your AR15. This guide provides essential safety instructions to ensure the safe use and installation of your handguard. Please read this document carefully and keep it for future reference.

## General Safety Guidelines

- Ensure that the handguard is compatible with your specific AR15 model before installation.
- Always handle your firearm safely and responsibly, following all local laws and regulations.
- Inspect the handguard for any signs of damage or defects before installation.
- Keep the handguard and all accessories out of reach of children and unauthorized users.
- Report any unsafe products or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Only use the handguard with compatible accessories designed for MLOK or Picatinny systems.
- Avoid using the handguard in extreme conditions that may compromise its structural integrity.
- Do not exceed the weight limits specified for accessories mounted on the handguard.
- Ensure that all mounting hardware is securely fastened before use.
- Regularly check the handguard and accessories for wear and tear, and replace if necessary.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure that your firearm is unloaded and pointed in a safe direction.
- Gather all necessary tools and mounting hardware.

### 2. Installation Steps:

- Remove the existing handguard from your AR15 by following the manufacturer's instructions.
- Align the RAIDERM handguard with the barrel nut and ensure it is properly seated.
- Secure the handguard using the provided mounting hardware. Ensure all screws are tightened to the manufacturer's specifications.
- If using MLOK or Picatinny accessories, attach them to the appropriate slots on the handguard, ensuring they are securely fastened.

### 3. Usage:

- Once installed, familiarize yourself with the handguard's features and the placement of any accessories.
- Always ensure that your hands are clear of the muzzle when handling the firearm.
- Practice safe handling and storage of your firearm, especially when using accessories that may alter its balance or handling characteristics.

## Disposal Instructions

- Dispose of the handguard and any associated components in accordance with local regulations.
- If the handguard is damaged beyond repair, consider recycling materials where possible.
