## COMPLETE SLIDE ASSEMBLY WITH THREADED BARREL FOR GLOCK 43

[Handgun Parts](#) > [Slide Parts](#) > [Slides](#)

Fully Assembled, Complete Slide Assembly for New Builds or Upgrading Your Factory G43 Ready to build a new custom pistol or just upgrade your current Glock® 43? Top it off with our Complete Slide Assembly for Glock® 43, available in three configurations: with a premium match-quality barrel, a  $\frac{1}{2}$ "-28 tpi threaded barrel to accept a sound suppressor, or with a ported barrel that vents through a window in the top of the slide to counteract muzzle rise and help you keep the sights on the target for subsequent shots. No need to install a bulky compensator on the muzzle, so your new comped pistol will still fit standard holsters for the Glock® 43. These slides come fully assembled with the barrel and all the internal small parts installed, making this RMR Slide the ideal upgrade for your factory Glock® 43 pistol or the perfect "top half" for a brand-new custom gun built on a compatible frame from another manufacturer. It features a pre-cut slot for easy, secure, low-profile mounting of a reflex red dot sight that fits the Holosun 407K footprint (adapter plates are available separately for RMR sights). If you're not mounting a red dot at the moment, we've included a lightweight reinforced polymer cover plate to neatly fill the slot. This slide comes with standard-height front and rear sights, which can serve as your primaries or a backup "iron" sights when paired with a red dot sight. Comes COMPLETE with barrel, front & rear sights, and small parts installed Fits Glock® 43 pistols & clones Built-in mounting slot for reflex sights with the Holosun 407K footprint Optic slot cover plate & recoil spring assembly also included Slide machined from 416 stainless steel billet, with a Black Nitride finish Choice of Solid top slide with standard barrel or  $\frac{1}{2}$ "-28 tpi threaded barrel, OR distinctive top Window slide with ported/compensated barrel Each of our slides for Glock® starts life as a billet of 416 stainless steel that is machined to Glock® factory specifications inside, with a tough, extremely wear-resistant black Nitride finish. This slide fits standard Glock® factory G43 frames and compatible aftermarket frames. The match-quality barrel is machined from premium 416R stainless steel alloy. The muzzle of the threaded barrel has standard  $\frac{1}{2}$ "-28 tpi threads. The ported barrel has eight ports angled to provide just the right counterforce to muzzle rise. On the sides at the rear, you'll find distinctive wide, shallow cocking serrations that give excellent "purchase" to rack the slide, plus a mirrored set of serrations up front that aid in manipulating the slide to press-check the chamber. Both sets of serrations make it easy to manipulate your pistol's slide from any angle and in any position. Hey, we have to admit these serrations just look very cool, too! Whether you're assembling a custom pistol to meet specific needs, or you're upgrading a factory Glock 43 for enhanced performance and versatility, a Brownells complete slide assembly is helps you complete your project quickly and easily! Brownells Gun Tech™ Note: Channel liner required for these slides. Channel liner is a press fit and requires a tool to install. We recommend #777-100-017.

### Attributes

# Safety Instruction Guide for COMPLETE SLIDE ASSEMBLIES FOR GLOCK 43®

## Introduction

Thank you for choosing the COMPLETE SLIDE ASSEMBLIES FOR GLOCK 43® from Brownells. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your slide assembly. Please read this document carefully before installation and usage.

## General Safety Guidelines

- **Product Safety:** Ensure the safe use of this slide assembly in accordance with all applicable laws and regulations.
- **Enhanced Recalls:** Stay informed about any recall notices regarding this product. Recalls will be communicated through standardized channels.
- **Online Shopping Protections:** If purchased online, ensure the retailer complies with safety requirements.
- **Special Consumer Focus:** This product is not intended for use by children. Ensure that it is stored safely out of reach of minors.
- **EU Contact Point:** For any safety inquiries, please refer to the designated EU contact point.
- **Rapid Alerts:** Regularly check the EU Safety Gate platform for updates on product safety and potential hazards.

## Specific Safety Precautions for Use

- **Handling:** Always handle the slide assembly with care. Ensure your hands are dry and free from any substances that could affect grip.
- **Installation:** Only install the slide assembly on compatible Glock® 43 frames. Verify compatibility before proceeding.
- **Use of Firearms:** Never use the slide assembly with a firearm that has been modified in a way that could affect its safety or performance.
- **Maintenance:** Regularly inspect the slide assembly for wear and damage. Replace any worn or damaged parts immediately.
- **Sights:** Ensure that the sights are properly aligned before use. Regularly check the integrity of the sights during maintenance.
- **Muzzle Safety:** Be aware of the direction of the muzzle at all times. Never point the firearm at anything you do not intend to shoot.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure you have all necessary tools and parts before beginning the installation.
- Ensure that the firearm is unloaded and the chamber is clear.

### 2. Installation Steps:

- Remove the existing slide from the Glock® 43 frame.
- Align the COMPLETE SLIDE ASSEMBLY on the frame, ensuring that all components fit securely.
- Insert the recoil spring assembly and ensure it is properly seated.
- If using a reflex sight, install the sight according to the manufacturer's instructions, using the precut slot for mounting.
- Check that the front and rear sights are properly installed and aligned.

### **3. PostInstallation Checks:**

- Perform a function check to ensure the slide operates smoothly.
- Verify that all components are securely attached and there are no loose parts.

### **4. Usage:**

- When using the firearm, ensure you are in a safe environment and follow all local laws regarding firearm usage.
- Always wear appropriate eye and ear protection when firing.

## **Disposal Instructions**

- Dispose of any packaging materials in accordance with local regulations.
- If the slide assembly becomes damaged beyond repair, dispose of it as per your local hazardous waste regulations to prevent environmental harm.
- Ensure that all parts are rendered unusable before disposal to prevent unauthorized use.

## **Contact Information for Further Support**

For any questions or concerns regarding the COMPLETE SLIDE ASSEMBLY FOR GLOCK 43®, please refer to the relevant support channels or documentation provided by your retailer.

Thank you for your attention to these safety guidelines. Your commitment to safety helps ensure a positive experience with your COMPLETE SLIDE ASSEMBLY FOR GLOCK 43®.
