

COMPLETE SLIDE ASSEMBLIES FOR GLOCK 43® - BROWNELL'S COMPLETE WINDOW SLIDE ASSEMBLY W/PORTED BARREL FOR GLOCK 43

[Handgun Parts](#) > [Slide Parts](#) > [Slides](#)

Fully Assembled, Complete Slide Assembly for New Builds or Upgrading Your Factory G43 Ready to build a new custom pistol or just upgrade your current Glock® 43? Top it off with our Complete Slide Assembly for Glock® 43, available in three configurations: with a premium match-quality barrel, a $\frac{1}{2}$ "-28 tpi threaded barrel to accept a sound suppressor, or with a ported barrel that vents through a window in the top of the slide to counteract muzzle rise and help you keep the sights on the target for subsequent shots. No need to install a bulky compensator on the muzzle, so your new comped pistol will still fit standard holsters for the Glock® 43. These slides come fully assembled with the barrel and all the internal small parts installed, making this RMR Slide the ideal upgrade for your factory Glock® 43 pistol or the perfect "top half" for a brand-new custom gun built on a compatible frame from another manufacturer. It features a pre-cut slot for easy, secure, low-profile mounting of a reflex red dot sight that fits the Holosun 407K footprint (adapter plates are available separately for RMR sights). If you're not mounting a red dot at the moment, we've included a lightweight reinforced polymer cover plate to neatly fill the slot. This slide comes with standard-height front and rear sights, which can serve as your primaries or a backup "iron" sights when paired with a red dot sight. Comes COMPLETE with barrel, front & rear sights, and small parts installed Fits Glock® 43 pistols & clones Built-in mounting slot for reflex sights with the Holosun 407K footprint Optic slot cover plate & recoil spring assembly also included Slide machined from 416 stainless steel billet, with a Black Nitride finish Choice of Solid top slide with standard barrel or $\frac{1}{2}$ "-28 tpi threaded barrel, OR distinctive top Window slide with ported/compensated barrel Each of our slides for Glock® starts life as a billet of 416 stainless steel that is machined to Glock® factory specifications inside, with a tough, extremely wear-resistant black Nitride finish. This slide fits standard Glock® factory G43 frames and compatible aftermarket frames. The match-quality barrel is machined from premium 416R stainless steel alloy. The muzzle of the threaded barrel has standard $\frac{1}{2}$ "-28 tpi threads. The ported barrel has eight ports angled to provide just the right counterforce to muzzle rise. On the sides at the rear, you'll find distinctive wide, shallow cocking serrations that give excellent "purchase" to rack the slide, plus a mirrored set of serrations up front that aid in manipulating the slide to press-check the chamber. Both sets of serrations make it easy to manipulate your pistol's slide from any angle and in any position. Hey, we have to admit these serrations just look very cool, too! Whether you're assembling a custom pistol to meet specific needs, or you're upgrading a factory Glock 43 for enhanced performance and versatility, a Brownells complete slide assembly is helps you complete your project quickly and easily! Brownells Gun Tech™ Note: Channel liner required for these slides. Channel liner is a press fit and requires a tool to install. We recommend #777-100-017.

Safety Instruction Guide for COMPLETE SLIDE ASSEMBLIES FOR GLOCK 43®

Introduction

Thank you for choosing the Complete Slide Assemblies for Glock 43® by Brownells. This guide provides important safety information and instructions to ensure the safe and effective use of your product. Please read this document carefully before use and keep it for future reference.

General Safety Guidelines

- Ensure that the slide assembly is installed on a compatible Glock 43® frame.
- Always handle your firearm with care and treat it as if it is loaded.
- Store the slide assembly and your firearm in a secure location, out of reach of children and unauthorized users.
- Regularly inspect the slide assembly for any signs of wear or damage.
- Use only compatible parts and accessories as specified by the manufacturer.
- Follow all local laws and regulations regarding firearm ownership and usage.

Specific Safety Precautions for Use

- Always wear appropriate eye and ear protection when using your firearm.
- Ensure that the firearm is pointed in a safe direction at all times.
- Do not attempt to modify the slide assembly or any other components.
- Be aware of your surroundings and ensure a clear shooting area before firing.
- If using a threaded barrel for a suppressor, ensure that the suppressor is properly attached and secured.
- Follow the manufacturer's instructions for the installation and use of any optical sights mounted on the slide.

Instructions for Installation and Usage

1. Installation of the Slide Assembly

- Ensure the firearm is unloaded and the magazine is removed.
- Carefully remove the factory slide from the Glock 43® frame.
- Align the Complete Slide Assembly with the frame and slide it into place.
- Ensure that all components are securely fitted and that the slide moves freely.

2. Usage

- Before firing, confirm that the slide is properly installed and that all components are functioning correctly.
- Load the firearm only when you are ready to shoot.
- After use, clean the slide assembly according to the manufacturer's recommendations to maintain performance.

Disposal Instructions

- When disposing of the slide assembly or any firearm components, follow local regulations regarding hazardous materials.
- Contact a licensed firearms dealer or local law enforcement for proper disposal methods if necessary.

Contact Information for Further Support

For any questions or concerns regarding the Complete Slide Assembly for Glock 43®, please refer to the manufacturer's website or contact their support team for assistance.

Important Note

This product is designed for use with Glock 43® pistols and is not intended for use with other models or brands. Always ensure compatibility before installation.

By following these guidelines, you can ensure the safe and effective use of your Complete Slide Assembly for Glock 43®. Thank you for your attention to these important safety instructions.
