FLARE LAUNCHER LMT Defense 37MM M203 Flare Launcher If you're looking for a replica 40MM launcher with the exact function and feel of the original military specification M203, look no further! The LMT 37MM Flare Launcher is as close to the destructive device as a civilian can get without ATF approval and licensing. Fully functional to shoot 37MM ammunition with authority from both M4 and M16 type AR's. Compatible with standard LMT mounting hardware and handguards, assembling your throwback or replica weapon system has never been easier or more accurate. At LMT we went to great lengths to give customers a high quality, direct representation of the real M203, BECAUSE FAILURE IS NOT AN OPTION.

Safety Instruction Guide for FLARE LAUNCHER LMT DEFENSE BARREL MOUNTED FLARE LAUNCHER 37MM 12" BLACK

Introduction

Thank you for choosing the FLARE LAUNCHER LMT Defense 37MM M203 Flare Launcher. This product is designed to provide a high-quality experience while ensuring safety during use. Please read this safety instruction guide carefully to understand how to use, install, and dispose of the product safely.

General Safety Guidelines

- Ensure that the product is used only by individuals who are at least 18 years of age and possess the necessary knowledge and skills to operate it safely.
- Always treat the flare launcher as if it were loaded, even if you believe it is not.
- Store the flare launcher in a secure location, out of reach of children and unauthorized users.
- Regularly inspect the flare launcher for any signs of wear or damage before use.
- Follow all local laws and regulations regarding the use and possession of flare launchers and ammunition.
- In case of any malfunction, cease use immediately and consult a qualified technician.

Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves, when operating the flare launcher.
- Never point the flare launcher at yourself, others, or any flammable materials.
- Ensure that the area is clear of people, pets, and flammable objects before firing.
- Only use 37MM ammunition that is specifically designed for use with this flare launcher.
- Do not modify the flare launcher or use it for any purpose other than its intended use.
- Avoid using the flare launcher in adverse weather conditions, such as strong winds or heavy rain.

Instructions for Installation and Usage

1. Installation:

- Ensure that the flare launcher is compatible with your M4 or M16 type AR.
- Use standard LMT mounting hardware and handguards for secure installation.
- Follow the manufacturer's instructions for securely attaching the flare launcher to your weapon system.

2. Loading Ammunition:

- Open the breach of the flare launcher according to the manufacturer's guidelines.
- Carefully insert the 37MM flare cartridge into the chamber.
- Close the breach securely before proceeding to the next step.

3. Firing:

- Ensure that the firing area is clear and that all safety precautions are followed.
- Aim the flare launcher at a safe angle, away from any people or flammable materials.
- Pull the trigger gently to fire the flare.

4. PostUse:

- After firing, allow the flare launcher to cool down before handling.
- Inspect the flare launcher for any damage or wear after each use.

Disposal Instructions

- Dispose of used or expired ammunition in accordance with local regulations.
- If the flare launcher is damaged or no longer functional, consult local regulations for proper disposal methods.
- Do not dispose of the flare launcher in regular trash. Instead, take it to a designated disposal facility for hazardous materials if required.

Contact Information for Further Support

For any inquiries or concerns regarding the FLARE LAUNCHER LMT Defense 37MM Flare Launcher, please refer to the manufacturer's contact information provided with the product packaging.

Note: This guide is intended to ensure safe usage and compliance with the EU General Product Safety Regulation (GPSR). Always stay informed about the latest safety updates and product recalls by checking the EU's Safety Gate platform.
