

MOE QUICK DETACH BIPOD FOR M-LOK - MAGPUL MOE QUICK DETACH BIPOD FOR M-LOK BLACK

[Shooting Accessories](#) > [Bipods, Monopods & Accessories](#) > [Bipods](#)

MAGPUL MOE QUICK DETACH BIPOD FOR M-LOK Magpul offered a variety of bipods for quite some time, but none have attached as simply and quickly as the MOE QD Bipod for M-LOK. This new bipod provides shooters a quick-attach and detach function when using guns with an M-LOK hand guard or forend; by speeding up the attachment process via the integral attachment knob, you can get support when firing faster than ever before. To attach the bipod, simply insert the M-LOK stud into the M-LOK slot, rotate the bipod 45° counterclockwise so the stud is perpendicular to the M-LOK slot, and tighten the adjustment knob to securely fasten against the forend. No tools required. Aside from the quick, simple attachment method, the bipod is almost 40% lighter than some of their existing bipods. The injection-molded construction won't deform or break under pressure, and it provides a consistent, stable platform from which to shoot. The bipod plate – made from the same injection-molded material as the bipod itself – provides a solid mounting surface and features two (2) additional M-LOK lugs to promote proper alignment after installation, as well as increased stability and durability during recoil. The bipod is also equipped with a low-profile sling stud on the rear to allow sling attachment for easy carry and transportation of the firearm. The MOE QD bipod has a low stack height of 1.7" when folded, giving it a streamlined profile when the legs are stowed. When the legs are needed, they deploy and stow with the push of a button, snapping and locking into position. The legs extend from 7" to 10" and are adjusted easily and independently via a button located at the top of each leg. Within this adjustment range, there are seven (7) ½" spaced locking detents to fine tune the bipod's deployed height. Additionally, the bipod's soft, stepped, non-slip rubber feet grip a wide array of shooting surfaces; the feet are also easily removed with a roll-pin punch should shooters want to change them to something different (the bipod accepts most Atlas-pattern bipod feet). **FEATURES:** QUICK, SIMPLE INSTALLATION: The MOE QD Bipod installs via an adjustment knob Minimizes installation requirements since no other hardware is required **COMPACT,** **LIGHTWEIGHT:** 40% lighter than some other Magpul bipods Stack height of 1.7"; when extended legs measure 7"-10" in 0.5" increments **VERSATILE LEGS AND FEET:** Soft, stepped, non-slip rubber feet grip a wide array of shooting surfaces; the feet are also easily removed with a roll-pin punch Legs accept most Atlas-pattern bipod replaceable feet to best match the needs of your environment **SPECIFICATIONS:** Attachment: M-LOK Slots Materials: Polymer, steel Height, max: 10 in. Pan and Tilt: No Weight: 9 oz. Made in the USA.

MOE Quick Detach Bipod for MLOK Safety Instructions

Introduction

Thank you for choosing the MOE Quick Detach Bipod for MLOK by Magpul. This bipod is designed to enhance your shooting experience by providing a stable and lightweight support system. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- **Product Safety:** Ensure safe use of the bipod by following all instructions and guidelines provided.
- **Potential Hazards:** Be aware of risks associated with improper installation or use, which may lead to accidents or injury.
- **Age Restrictions:** This product is intended for use by individuals aged 18 and older. Keep out of reach of children.
- **Online Shopping:** When purchasing online, ensure that the platform complies with EU safety regulations.
- **Reporting Unsafe Products:** Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- **Installation Precautions:**
 - Verify that the bipod is compatible with your firearm's MLOK hand guard or forend.
 - Do not attempt to install the bipod on firearms that do not support MLOK attachments.
- **Usage Precautions:**
 - Always ensure the bipod is securely attached before use.
 - Avoid using the bipod in adverse weather conditions that may affect its stability.
 - Regularly inspect the bipod for wear and tear, especially the adjustment knob and legs.
- **Transportation Precautions:**
 - When transporting the firearm with the bipod attached, ensure it is in a secure case to prevent damage or accidental discharge.
 - Always follow local laws regarding the transportation of firearms.

Instructions for Installation and Usage

1. Installation:

- Insert the MLOK stud into the MLOK slot of your firearm.
- Rotate the bipod 45° counterclockwise until the stud is perpendicular to the MLOK slot.
- Tighten the adjustment knob to secure the bipod in place. No tools are required for this process.

2. Using the Bipod:

- To deploy the legs, press the button located at the top of each leg.
- Extend the legs to the desired height, adjusting them independently as needed.
- The legs can be adjusted in 0.5" increments, with seven locking detents available for finetuning.
- Ensure the legs are locked in place before use to maintain stability.

3. Stowing the Bipod:

- To stow the bipod, press the button to retract the legs and fold them back into the stowed position.
- Ensure the bipod is securely folded before transporting the firearm.

Disposal Instructions

- Dispose of the bipod in accordance with local regulations regarding plastic and metal waste.
- Do not dispose of the bipod in general household waste.
- Consider recycling the bipod if possible, as some components may be recyclable.

Contact Information for Further Support

For safety inquiries or additional information regarding the MOE Quick Detach Bipod for MLOK, please refer to the product packaging or the manufacturer's website for contact details.

By following these safety instructions, you can ensure a safe and enjoyable experience with your MOE Quick Detach Bipod for MLOK. Always prioritize safety when handling firearms and associated equipment. Thank you for your attention to these important guidelines.
