

# PREMIUM DELUXE DIE SETS - REDDING 25 CREEDMOOR PREMIUM DELUXE DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Redding Premium Deluxe rifle die sets are an upgraded die set for reloaders looking for added precision. The upgrades include a Carbide Size button in the full length sizing die, making resizing smooth and effortless. The set also comes with Redding's Bullet Seating Micrometer on the seating dies, allowing for incremental adjustment of the bullet seating depth. This dies set includes a Full Length sizing die with Carbide sizing button, Bullet Micrometer Seating Die, and standard Neck Sizing Die.

# Safety Instruction Guide for PREMIUM DELUXE DIE SETS REDDING 25 CREEDMOOR PREMIUM DELUXE DIE SET

## Introduction

Thank you for choosing the Redding Premium Deluxe Die Set for your reloading needs. This guide provides essential safety instructions to ensure the safe use of this product in compliance with the EU General Product Safety Regulation (GPSR). Please read this guide carefully before using the die set.

## General Safety Guidelines

- Ensure the die set is used only for its intended purpose, which is reloading ammunition for the 25 Creedmoor cartridge.
- Always keep the die set out of reach of children and vulnerable individuals.
- Inspect the die set for any visible damage or defects before use. Do not use if damaged.
- Store the die set in a dry and secure location to prevent unauthorized access.
- Report any unsafe conditions or accidents to your local authorities.

## Specific Safety Precautions for Use

- Always wear appropriate safety gear, including safety glasses, when using the die set.
- Use the die set in a wellventilated area to avoid inhaling any dust or particles generated during the reloading process.
- Follow the manufacturer's instructions for each component of the die set to avoid improper use.
- Ensure that all components are properly secured before starting the reloading process.
- Be aware of the potential hazards associated with handling reloading materials and ammunition.

## Instructions for Installation and Usage

### 1. Preparation

- Gather all necessary materials, including the die set, reloading press, and components (brass cases, bullets, powder).
- Ensure your workspace is clean and organized.

### 2. Installation of the Die Set

- Start by securely mounting the reloading press to a stable surface.
- Install the Full Length Sizing Die with Carbide sizing button into the press according to the manufacturer's instructions.
- Attach the Bullet Micrometer Seating Die to the press, ensuring it is properly aligned.
- Finally, install the standard Neck Sizing Die, following the same alignment procedure.

### 3. Using the Die Set

- Begin with the Full Length Sizing Die:
  - Insert a brass case into the die and operate the press to resize the case.
  - Check for proper sizing and repeat as necessary.
- Move to the Bullet Micrometer Seating Die:
  - Adjust the micrometer to the desired bullet seating depth.
  - Insert a bullet into the case and operate the press to seat the bullet.

- Measure the seating depth for accuracy.
- Use the Neck Sizing Die as needed to refine the fit of the neck of the brass case.

#### **4. PostUse Care**

- Clean the die set after use to remove any residue or debris.
- Store the die set and components in a safe location.

## **Disposal Instructions**

- Dispose of any used or damaged components in accordance with local regulations.
- Do not dispose of ammunition or reloading materials in regular household waste.
- Contact local waste management authorities for guidance on proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the use of the Redding Premium Deluxe Die Set, please refer to the manufacturer's contact information provided with the product packaging.

Thank you for your attention to these safety guidelines. Your safety is our priority, and we hope you enjoy using the Redding Premium Deluxe Die Set for your reloading projects.
