Safety Instruction Guide for L.E. Wilson Case Trimmer with Standard Stop and TiN Cutter

Introduction

Thank you for choosing the L.E. Wilson Case Trimmer with Standard Stop and TiN Cutter. This tool is designed for serious reloaders, providing precision and durability. To ensure your safety and the proper use of this product, please read this safety instruction guide carefully.

General Safety Guidelines

- Always read and follow the instructions provided in this guide before using the product.
- Ensure that the trimmer is used in a welllit and clean workspace.
- Keep the trimmer out of reach of children and unauthorized users.
- Regularly inspect the tool for any signs of wear or damage.
- Use the tool only for its intended purpose.
- Report any unsafe conditions or accidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

• Hazard Identification:

- Sharp edges: The TiNcoated cutter is sharp and can cause cuts.
- Moving parts: Keep hands and clothing away from moving parts during operation.
- Dust and debris: Trimming may produce brass shavings; wear a mask and safety glasses to protect against inhalation and eye injury.

• Avoiding Hazards:

- Always use the trimmer on a stable surface.
- Do not operate the trimmer if you are tired or under the influence of drugs or alcohol.
- Ensure that your hands are dry when using the tool to prevent slipping.
- Use protective gloves if necessary to avoid cuts.

• AgeSpecific Warnings:

- This product is not intended for use by individuals under the age of 18.
- Supervision is required for users who are inexperienced or unfamiliar with the tool.

Instructions for Installation and Usage

• Installation:

1. Place the trimmer on a stable, flat surface.
2. Ensure that the standard stop is securely attached before use.
3. Check that the TiN cutter is properly installed and tightened.

• Usage:

1. Adjust the standard stop to the desired case length before trimming.
2. Insert the case into the trimmer, ensuring it is properly aligned.
3. Firmly grip the trimmer and activate the cutting mechanism.

4. After trimming, carefully remove the case and inspect it for uniformity.
5. Clean the trimmer after each use to prevent buildup of brass shavings.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the trimmer in regular household waste.
- Recycle any metal parts where possible.
- Ensure that all components, especially sharp parts, are safely disposed of to prevent injury.

Contact Information for Further Support
