Safety Instruction Guide for L.E. Wilson Case Trimmer with Micro Adjust and TiN Cutter

Introduction

Thank you for choosing the L.E. Wilson Case Trimmer with Micro Adjust and TiN Cutter. This guide provides essential safety instructions to ensure safe and effective use of your product. Please read this guide thoroughly before using the trimmer to familiarize yourself with safety precautions and proper handling.

General Safety Guidelines

- Ensure that the trimmer is used only for its intended purpose: trimming cartridge cases.
- Always operate the trimmer in a welllit area to prevent accidents.
- Keep the work area clean and free from clutter to avoid tripping hazards.
- Store the trimmer in a secure location away from children and pets.
- Regularly inspect the trimmer for any signs of wear or damage. Do not use if damaged.
- Follow all local regulations and guidelines related to the use of reloading equipment.
- In case of an accident or injury, seek immediate medical attention.

Specific Safety Precautions for Use

- Wear safety glasses to protect your eyes from metal shavings and debris during operation.
- Use gloves to protect your hands from sharp edges and hot surfaces.
- Ensure that the trimmer is securely mounted to a stable surface before use to prevent movement.
- Do not exceed the recommended case length adjustments to avoid damaging the trimmer or cases.
- Keep hands and body parts away from the cutter during operation to prevent injury.
- Do not attempt to modify or repair the trimmer yourself. Contact a qualified professional for repairs.
- Always unplug or remove the power source when making adjustments or changing the cutter.

Instructions for Installation and Usage

1. Installation:

- Choose a stable work surface that can safely support the trimmer.
- Securely mount the trimmer using the provided hardware to prevent movement during operation.
- Ensure that the trimmer is positioned in a way that allows for comfortable access and operation.

2. Usage:

- Adjust the microadjust system to set the desired case length. Make adjustments in increments of .001" to ensure precision.
- Place the cartridge case in the trimmer and ensure it is properly aligned.
- Engage the cutter and begin trimming, applying gentle and consistent pressure.
- After trimming, carefully remove the case and inspect it for any defects or irregularities.
- Clean the trimmer regularly to remove any debris or buildup that may affect performance.

Disposal Instructions

- Dispose of the trimmer and any components in accordance with local regulations regarding electronic waste.
- Do not dispose of the trimmer in regular household waste.
- If the trimmer is damaged beyond repair, ensure it is recycled or disposed of responsibly.

Contact Information for Further Support

For any questions or concerns regarding the safety and use of the L.E. Wilson Case Trimmer, please refer to the manufacturer's website or contact their customer support for assistance.

By following these safety instructions, you can ensure a safe and effective experience with your L.E. Wilson Case Trimmer with Micro Adjust and TiN Cutter. Thank you for your attention to safety and proper usage.
