

SLEDGEHAMMER OMNI-BUSTER AMBIDEX LE-LATCH CHARGE HANDLE FOR AR15 - BREEK ARMS SLEDGEHAMMER OMNI-BUSTER AMBIDEX LE-LATCH CHRGR HDL FOR AR-15

BREEK ARMS SLEDGEHAMMER OMNI-BUSTER AMBIDEX LE-LATCH CHARGING HANDLE FOR AR-15 The Sledgehammer Omni-Buster™ LE Latch AR-15 Charging Handle is designed for professional end users who require maximum gas mitigation in a low-profile, snag-free configuration. Featuring a compact latch profile, this model minimizes snag points while maintaining secure manipulation for both right- and left-handed shooters. Its internal gas-management system delivers three integrated gas-reducing features for both left and right handed shooters, significantly minimizing blowback at the shooter's face when running unsuppressed or suppressed. The Omni-Buster features a balanced ambidextrous design with robust serrated latches for confident manipulation under stress. Built from aerospace-grade 7075-T6 aluminum and finished with Type III hard-coat anodizing, this charging handle is ideal for duty rifles, patrol carbines, and suppressed AR-15 setups.

SPECIFICATIONS Built for left handed shooters & right handed operators shooting off hand Great option for both shooting suppressed and unsuppressed Material: 7075-T6 Aluminum Finish: Type III Hard-Coat Anodized Weight: 1 oz Latch Width: 2.07" Fits: Mil-Spec AR-15 / M16 Installation: No gunsmithing required Made in America **GAS-REDUCING FEATURES (3x) Higher** raised shelf at the rear of the upper receiver to block gas from the shooters face Internal stem baffling to slow gas expansion Optimized stem geometry to redirect gas away from the shooter

Sledgehammer OmniBuster Ambidex LELatch Charge Handle Safety Instruction Guide

Introduction

Thank you for choosing the Sledgehammer OmniBuster Ambidex LELatch Charge Handle for your AR15. This guide provides essential safety information to ensure the safe and effective use of your charging handle. Please read this manual thoroughly before installation and use.

General Safety Guidelines

- Always treat your firearm as if it is loaded.
- Ensure that the firearm is pointed in a safe direction when handling.
- Keep your finger off the trigger until you are ready to fire.
- Be aware of your surroundings and ensure a clear line of sight before using your firearm.
- Regularly inspect your charging handle for any signs of wear or damage.
- Follow all local laws and regulations regarding firearm use and ownership.

Specific Safety Precautions for Use

- Ensure the charging handle is properly installed before use.
- Only use the charging handle with AR15 and M16 models.
- Do not attempt to modify the charging handle as it may compromise safety and performance.
- Be cautious of gas blowback when using unsuppressed or suppressed firearms.
- Always wear appropriate eye and ear protection when using firearms.
- Keep the charging handle clean and free of obstructions to ensure proper function.

Instructions for Installation and Usage

Installation

1. Ensure the firearm is unloaded and pointed in a safe direction.
2. Remove the existing charging handle from the upper receiver.
3. Align the Sledgehammer OmniBuster Charging Handle with the receiver.
4. Insert the charging handle into the receiver until it is fully seated.
5. Test the charging handle for smooth operation before using the firearm.

Usage

- To charge the firearm, pull back on the charging handle with your dominant hand while supporting the firearm with your other hand.
- Release the charging handle to allow it to return to its forward position.
- Always check the chamber to ensure it is clear before firing.

Disposal Instructions

- Dispose of the charging handle in accordance with local regulations.
- Do not dispose of the charging handle in regular household waste.
- Contact your local waste management authority for proper disposal methods.

Contact Information for Further Support
