

TAPERED STEEL BASES - WINCHESTER 70 LONG ACTION 20 MOA BASE

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

Nightforce one-piece bases are machined to exact Mil-Std. 1913 specification rail dimensions, assuring perfect alignment. This design allows the same scope to be used on several different rifles, always optimizing eye relief. Choose from 20MOA or 40MOA tapers (40MOA for Remington actions only). Designed and machined for right- or left- handed actions, Nightforce bases will never interfere with loading or extraction. A168 - Fits Round Receivers

Safety Instruction Guide for Tapered Steel Bases Winchester 70 Long Action 20 MOA Base

Introduction

Thank you for choosing the Tapered Steel Bases for your Winchester 70 Long Action. This guide provides essential safety instructions and usage information to ensure a safe and effective experience with your product. Please read this guide carefully before installation and use.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Regularly inspect the base for any signs of wear or damage before each use.
- Always follow the manufacturer's instructions for installation and usage.
- Keep the product out of reach of children and vulnerable individuals.
- If you notice any irregularities or malfunctions, discontinue use immediately and consult a qualified professional.
- Report any unsafe products or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always ensure that the firearm is unloaded before installing or adjusting the base.
- Use appropriate tools for installation to avoid damaging the base or the firearm.
- Do not exceed the recommended torque specifications when securing the base to the firearm.
- Ensure the base is securely attached before using the firearm.
- Be aware of your surroundings and ensure that you are in a safe environment when using the firearm.
- Avoid using the base if it shows signs of damage or wear.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools, including a torque wrench and appropriate screwdrivers.
- Ensure the firearm is unloaded and pointed in a safe direction.

2. Installation

- Align the base with the mounting holes on the receiver of the firearm.
- Insert the screws into the holes and handtighten them to hold the base in place.
- Using a torque wrench, tighten the screws to the manufacturer's recommended torque specifications. Do not overtighten.

3. Check Alignment

- Once installed, check the alignment of the base. Ensure that it is level and securely attached.
- Verify that there is no interference with the loading or extraction of cartridges.

4. Usage

- Mount your scope onto the base according to the scope manufacturer's instructions.
- Adjust the scope for optimal eye relief and comfort.
- Always check the stability of the scope and base before each use.

Disposal Instructions

- Dispose of packaging materials responsibly, recycling where possible.
- If the base becomes damaged beyond repair, follow local regulations for the disposal of metal products.
- Ensure that any nonrecyclable components are disposed of in a manner that adheres to environmental regulations.

Contact Information for Further Support

For any inquiries or support regarding the Tapered Steel Bases for Winchester 70 Long Action, please consult the manufacturer's website or contact their customer service department.

By following these safety instructions, you can ensure a safe and enjoyable experience with your Tapered Steel Bases. Thank you for your attention to safety and compliance with the EU General Product Safety Regulation.
