

ATACR 5-25X56MM SFP ENHANCED RIFLESCOPES - ATACR 5-25X56MM SFP ILLUMINATED MIL-R RETICLE BLACK

[Optics & Mounting](#) > [Scopes](#) > [Rifle Scopes](#)

The enhanced ATACR™ 5-25x56 incorporates the new ATACR™ 5-25x56 F1 First Focal Plane enhanced feature set, in a second focal plane configuration. The ATACR™ 5-25x56 “Enhanced” Riflescope includes the Nightforce Hi-Speed adjustments with patented ZeroStop, and is available in .1 Mrad (12 MILS per revolution) or .25 MOA (30 MOA per revolution) increments. A capped windage adjustment helps prevent accidental adjustment in the field. The parallax adjustment is marked with approximate numbered distances and is coupled with DigIllum digital reticle illumination. The eyepiece features enhanced engraving, an integrated Power Throw Lever (PTL) and an XtremeSpeed thread for making a fast diopter adjustment. The 34mm tube allows 120 MOA/34.9 MILS of elevation adjustment. Fully multi-coated ED glass results in light transmission values of over 90%, brilliant images and exceptional color contrast. A magnification range of 5x to 25x, and a wider field of view as a result of its unique optical prescription (17.96 feet at 5x) will cover virtually any situation a shooter could encounter. Tenebraex Flip Covers are now included.

Attributes

- Name: [ATACR 5-25X56MM SFP ILLUMINATED MIL-R RETICLE BLACK](#)
- Manufacturer: [NIGHTFORCE](#)
- Product no.: 524000209

Safety Instruction Guide for ATACR 525X56MM SFP Enhanced Riflescopes

Introduction

Thank you for choosing the ATACR 525X56MM SFP Enhanced Rifle scope. This product is designed for precision shooting and offers a range of features to enhance your shooting experience. However, it is essential to follow the safety guidelines outlined in this document to ensure safe and effective use of the rifle scope.

General Safety Guidelines

- **Product Safety:** Always ensure that the rifle scope is used in accordance with the manufacturer's instructions to avoid any risks associated with improper use.
- **Enhanced Recalls:** Stay informed about any recalls or safety notices related to this product. Regularly check the Safety Gate platform for updates.
- **Online Shopping:** When purchasing online, ensure that the seller complies with safety requirements and provides clear information about the product.
- **Special Consumer Focus:** Extra precautions should be taken when the product is used around vulnerable groups, such as children. Keep the product out of reach of children.
- **EU Contact Point:** For any safety inquiries or concerns, ensure you have access to the appropriate EU-based contact.
- **Rapid Alerts:** Be aware of the Safety Gate system for quick updates on any unsafe products.

Specific Safety Precautions for Use

- **Avoid Eye Injury:** Always use proper eye protection when using the rifle scope, especially during live shooting activities.
- **Secure Mounting:** Ensure the rifle scope is securely mounted to the firearm to prevent it from becoming dislodged during use.
- **Check Adjustments:** Regularly check the adjustment knobs to ensure they are functioning correctly and have not been accidentally altered.
- **Avoid Extreme Conditions:** Do not use the rifle scope in extreme weather conditions (e.g., heavy rain, snow, or extreme temperatures) that may compromise its performance.
- **Proper Handling:** Handle the rifle scope with care. Avoid dropping or exposing it to impacts that could damage the internal components.
- **Follow Local Laws:** Ensure that you are familiar with and adhere to local laws and regulations regarding the use of firearms and rifle scopes.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is unloaded before mounting the rifle scope.
- Use the appropriate mounting rings and base as specified by the manufacturer.
- Align the rifle scope with the firearm's bore for optimal accuracy.
- Tighten the mounting screws securely but avoid overtightening, which may damage the scope or mounting hardware.

2. Usage:

- Adjust the eyepiece for optimal focus before using the rifle scope.
- Use the power throw lever to quickly adjust the magnification as needed.
- Check the parallax adjustment to ensure accuracy at the target distance.

- Utilize the windage and elevation adjustments for precise aiming.
- If the riflescope has illumination, ensure the battery is properly installed and functioning.

Disposal Instructions

- **Responsible Disposal:** Dispose of the riflescope and its components responsibly according to local regulations. Do not dispose of electronic components in regular household waste.
- **Battery Disposal:** Remove the battery (CR2032) before disposal and dispose of it according to local battery recycling guidelines.

Contact Information for Further Support

For any questions or concerns regarding the ATACR 525X56MM SFP Enhanced Riflescope, please refer to the manufacturer's website or contact your local dealer for assistance.

Thank you for prioritizing safety and compliance with these guidelines. Enjoy your shooting experience responsibly!
