# TOP RING BUBBLE LEVEL Safety Instructions

## Introduction

Thank you for choosing the TOP RING BUBBLE LEVEL. This product is designed to enhance the accuracy of your scope setup by providing a reliable bubble level. To ensure safe and effective use, please read and follow these safety instructions carefully.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose as a bubble level for scopes.
- Always inspect the product for any visible damage before use. Do not use if damaged.
- Keep the product out of reach of children and vulnerable individuals to prevent accidents.
- Follow all local laws and regulations regarding the use of this product.

## Specific Safety Precautions for Use

- Do not exceed the recommended tube size of 30mm when using the bubble level.
- Ensure that the bubble level is securely attached to the ring before use to prevent it from falling off.
- Avoid using the bubble level in extreme temperatures or conditions that may affect its accuracy.
- If the bubble level is not functioning correctly, cease use immediately and consult the manufacturer.

## Instructions for Installation and Usage

### 1. Installation:

- Remove the top half of the Nightforce ring from your scope.
- Align the bubble level with the mounting points of the ring cap.
- Securely attach the bubble level to the ring cap, ensuring it is firmly in place.
- Reattach the top half of the ring with the bubble level to your scope.

### 2. Usage:

- When using the bubble level, ensure that your scope is mounted on a stable surface.
- Check the bubble's position within the level to ensure it is centered before taking measurements.
- Regularly check the level for accuracy, especially after transport or adjustments to your scope.

## Disposal Instructions

- Dispose of the product in accordance with local regulations for electronic waste and materials.
- Do not dispose of the product in household waste. Check for designated recycling centers in your area.

## Contact Information for Further Support

For any questions or concerns regarding the TOP RING BUBBLE LEVEL, please contact the manufacturer. Ensure you have the product details and any relevant information ready for a prompt response.

Please keep this safety instruction guide for future reference. Following these guidelines will help ensure a safe and effective experience with your TOP RING BUBBLE LEVEL.
