

# ATACR 4-20X50MM FFP RIFLE SCOPES - ATACR 4-20X50MM FFP ILLUMINATED MIL-XT RETICLE BLACK

[Optics & Mounting](#) > [Scopes](#) > [Rifle Scopes](#)

The Nightforce ATACR 4-20x50mm F1 fills an important magnification range in the ATACR line. Equally at home atop a bolt action or a semi-automatic rifle, the 4-20x50 F1 is smaller and lighter than the 5-25x56 F1 while offering a 25% improvement in magnification over the 4-16x42 F1. With Digillum, a ZeroStop turret, power throw lever, ED lenses, and 20x max magnification, the ATACR 4-20x50 F1 is their apex mid-power scope. If there is such a thing as a "professional" riflescope, it is an ATACR™. They are designed for military, law enforcement, hunters, and other tactical professionals... and for those who simply want to shoot like a professional. An ATACR™ riflescope is the combination of the finest materials, engineering expertise, mechanical reliability and optical performance available today. Simply put, there is no expense spared, no detail overlooked in building a Nightforce ATACR™. They are the basis for Nightforces' Mil-Spec riflescopes, currently in use by several branches of the U.S. Military and allies around the world. All ATACR™ riflescopes feature ED glass, which produces brilliant images, superb color contrast, and exceptional resolving power-allowing you to distinguish the smallest targets at extreme distances. Features: Digillum Illumination, ZeroStop, PTL (Power Throw Lever) Compact 13.9" Overall Length 130 MOA/38 MRAD of total Elevation Adjustment Parallax from 11 yards to Infinity First Focal Plane reticles

## Attributes

- Name: [ATACR 4-20X50MM FFP ILLUMINATED MIL-XT RETICLE BLACK](#)
- Manufacturer: [NIGHTFORCE](#)
- Product no.: 524000295
- Mfr. No.: C644
- Battery: CR-2032
- Click Value: 0.1 MRAD
- Click Value: 0.1 MRAD
- Eye Relief: 3.50"
- Finish: Black
- Focal Plane: First
- Illumination: Yes
- Length: 13.9"
- Max Magnification: 20x
- Min. Magnification: 4x
- Model Number: ATACR 4
- Objective Size: 50mm
- Reticle: MIL-XT
- Tube Size: 34mm
- Weight: 35.2 oz
- Delivery weight: 1.681kg
- Shipping height: 152mm
- Shipping width: 140mm
- Shipping length: 584mm
- UPC: 847362019550

# Nightforce ATACR 420X50MM FFP Rifle Scope Safety Instructions

## Introduction

Thank you for choosing the Nightforce ATACR 420x50mm FFP Rifle Scope. This guide provides essential safety instructions to ensure the safe and effective use of your rifle scope. Please read this guide carefully before using the product.

## General Safety Guidelines

- Product Safety:** This product is designed to meet the safety standards set by the EU General Product Safety Regulation (GPSR). Always ensure safe handling and usage.
- Enhanced Recalls:** Stay informed about any recalls related to this product. Check the EU Safety Gate platform for updates.
- Online Shopping Protections:** When purchasing online, ensure that the retailer complies with safety requirements similar to physical stores.
- Special Consumer Focus:** Extra care should be taken when this product is used around vulnerable groups, including children.
- EU Contact Point:** For safety inquiries, please refer to the designated EU contact point for this product.
- Rapid Alerts:** Be aware of the Safety Gate system for quick updates on any unsafe products.

## Specific Safety Precautions for Use

- Avoid Eye Exposure:** Do not look directly into the scope while it is pointed at the sun or any intense light source, as this can cause permanent eye damage.
- Secure Mounting:** Ensure the scope is securely mounted to the rifle to prevent misalignment or detachment during use.
- Keep Out of Reach of Children:** Store the scope in a safe place away from children to prevent accidents.
- Use Appropriate Batteries:** Only use the specified CR2032 battery for illumination. Improper batteries can lead to malfunctions.
- Regular Inspection:** Frequently check the scope for any signs of damage or wear. If any issues are detected, do not use the scope until it has been inspected and repaired by a qualified technician.
- Weather Considerations:** Avoid using the scope in extreme weather conditions that could impair visibility or cause damage.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure you have the necessary tools for mounting the scope.
- Select a suitable mounting location on your rifle.
- Attach the scope to the rifle using the provided mounting rings and screws. Ensure it is tightly secured.
- Adjust the scope to your preferred eye relief distance.

### 2. Usage:

- Before using the scope, familiarize yourself with its features, including the Digillum illumination and ZeroStop turret.
- Adjust the magnification according to your shooting needs, ensuring you do not exceed the maximum of 20x.

- Always check the parallax setting, ensuring it is adjusted for the distance you are shooting (from 11 yards to infinity).
- Maintain a firm grip on the rifle while aiming and shooting to ensure stability.

## Disposal Instructions

- **Battery Disposal:** Dispose of used batteries according to local regulations. Do not throw batteries in regular household waste.
- **Scope Disposal:** If the scope is no longer usable, dispose of it in accordance with local electronic waste disposal guidelines. Do not dispose of in regular trash.

## Contact Information for Further Support
