Helps You Attain the Full Potential of Your Rifle / Cartridge Combo

Think of the Nightforce ATACR 7-35x56mm F1 as the long-range riflescope that doesn't give you tunnel vision. This powerful version of the Advanced TACTical Riflescope offers an unusually wide field of view across its extensive magnification range, so the target is both easy to find and easy to hit, even when you need to dial up the magnification. The ATACR 7-35x56mm F1 scope has a first focal plane (F1) reticle that ensures pin-point ranging calculations and fast hold-off adjustments. Nightforce's fully multicoated, low-dispersion ED glass delivers more than 90% light transmission, crisp images, excellent contrast, and outstanding color. Parallax adjustment down to 10 meters ZeroStop™ elevation adjustment for quick return-to-zero without counting clicks or looking at the turret DigIllum Illuminated reticle Built-in Power Throw Lever (PTL) for fast magnification changes 34mm tube gives you 20% more elevation travel than a 30mm tube With its industry-leading ATACR optics and an easy-to-operate suite of controls, the Nightforce ATACR 7-35x56mm F1 enables you to address close-in targets as well as those at the limits of your rifle and cartridge. Whether your game is extreme long-range shooting or PRS (Precision Rifle Series) - ATACR 7-35x56mm F1 set you up to win at both.

Safety Instruction Guide for the Nightforce ATACR 735X56MM F1 Rifle Scope

Introduction

Thank you for choosing the Nightforce ATACR 735X56MM F1 Rifle Scope. This guide provides essential safety information and instructions for the proper use and maintenance of your riflescope. Please read this guide carefully to ensure safe and effective operation.

General Safety Guidelines

- **Product Safety:** The ATACR 735X56MM F1 Rifle Scope is designed to meet safety standards for nonfood products. Always ensure safe handling and usage.
- **Enhanced Recalls:** In the event of a product recall, you will be notified through standardized recall notices. Please follow any instructions provided.
- **Online Shopping:** If purchased online, the same safety protections apply as if purchased in a physical store. Ensure the retailer complies with safety requirements.
- **Special Consumer Focus:** Extra care should be taken when the product is used by or around vulnerable groups, including children.
- **EU Contact Point:** For safety inquiries, please ensure you have access to an EU-based contact.
- **Rapid Alerts:** Stay informed about product safety updates through the EU's Safety Gate system.

Specific Safety Precautions for Use

- **Handling:** Always handle the riflescope with care. Avoid dropping or subjecting it to impact.
- **Cleaning:** Use a soft, dry cloth to clean the exterior of the scope. Avoid using harsh chemicals or abrasive materials that may damage the lens or finish.
- **Mounting:** Ensure the scope is securely mounted to your rifle to prevent shifting during use.
- **Magnification Adjustment:** Adjust magnification only when the rifle is pointed in a safe direction.
- **Eye Protection:** Always wear appropriate eye protection while using the riflescope to prevent injury.
- **Environment:** Avoid using the scope in extreme weather conditions that may affect its performance, such as heavy rain or fog.
- **Storage:** Store the riflescope in a cool, dry place when not in use. Avoid exposure to direct sunlight for prolonged periods.

Instructions for Installation and Usage

1. Installation:

- Select a suitable mounting location on your rifle.
- Securely attach the scope using appropriate rings and bases designed for the 34mm tube size.
- Ensure the scope is level and properly aligned with the rifle's bore.

2. Zeroing the Scope:

- After installation, zero the scope at your desired distance (usually 100 yards).
- Use the ZeroStop™ elevation adjustment to facilitate quick return to zero settings.

3. Adjustment:

- Use the click value of 0.1 MRAD for precise adjustments.
- Make sure to adjust parallax settings according to the distance of your target (down to 10 meters).

4. Illumination:

- Activate the DigIllum illuminated reticle for improved visibility in lowlight conditions.
- Adjust the brightness level to your preference.

5. Magnification:

- Utilize the builtin Power Throw Lever (PTL) for swift magnification changes during use.

Disposal Instructions

- Dispose of the riflescope in accordance with local regulations regarding electronic waste and materials.
- Remove batteries (if applicable) and dispose of them separately according to battery disposal guidelines.
- Do not dispose of the product in regular household waste.

Contact Information for Further Support

For questions or concerns regarding the Nightforce ATACR 735X56MM F1 Rifle Scope, please consult the retailer from whom you purchased the product or refer to the manufacturer's website for additional resources and support.

By following these guidelines, you will ensure a safe and enjoyable experience with your Nightforce ATACR 735X56MM F1 Rifle Scope. Always prioritize safety and proper handling to maximize the performance and longevity of your product.
