

WEDGE PRISM - 100 MOA/29 MRAD WEDGE PRISM BLACK

[Optics & Mounting](#) > [Scopes](#) > [Rifle Scopes](#)

When shooting at extreme ranges, many shooters find their riflescope lacks the necessary elevation travel. The Nightforce Wedge Prism is offered in 2 variants, 50 MOA or 100 MOA, that install forward of the riflescope to increase the effective elevation travel. The Wedge Prism optically shifts the incoming image to the riflescope by a precise elevation value, which directly adds to the available elevation travel within the riflescope. Key Features: 50 MOA/14.5 MRAD* or 100 MOA/29.1 MRAD elevation shift variants available for extreme long-range use Quick Detach MIL-STD 1913 attachment ensures consistent elevation shift when installed in the field Compatible with all brands of riflescopes Exact elevation shift measured for each unit and engraved for reference in the field Includes: MOLLE padded carry case, flip cap lens cover, lens cleaning cloth.

Attributes

- Name: [100 MOA/29 MRAD WEDGE PRISM BLACK](#)
- Manufacturer: [NIGHTFORCE](#)
- Product no.: 524000531

WEDGE PRISM 100 MOA/29 MRAD Safety Instruction Guide

Introduction

Thank you for choosing the WEDGE PRISM 100 MOA/29 MRAD. This product is designed to enhance your shooting experience by increasing the effective elevation travel of your riflescope. To ensure your safety and the optimal performance of this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Always ensure that your riflescope is securely mounted before using the Wedge Prism.
- Avoid using the Wedge Prism in conditions that may impair visibility or safety, such as extreme weather or low light.
- Ensure that the Wedge Prism is compatible with your riflescope before installation.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the Wedge Prism for any signs of damage or wear before each use.
- If you experience any issues during installation or use, cease operation immediately and consult a professional.

Specific Safety Precautions for Use

- **Installation Precautions:**
 - Ensure that your firearms are unloaded before installing the Wedge Prism.
 - Use appropriate tools and follow the installation instructions carefully to avoid damage.
- **Usage Precautions:**
 - Always maintain proper shooting posture and aim safely.
 - Never point the riflescope at anything you do not intend to shoot.
 - Be aware of your surroundings and ensure that you have a clear line of sight before taking a shot.
- **Child Safety:**
 - This product is not intended for use by individuals under 18 years of age.
 - Store the Wedge Prism and all related equipment in a secure location to prevent accidental access by children.

Instructions for Installation and Usage

1. Installation:

- Ensure that your riflescope is clean and free from debris.
- Remove the protective caps from the Wedge Prism.
- Align the Wedge Prism with the mounting rail of your riflescope.
- Secure the Wedge Prism using the Quick Detach MILSTD 1913 attachment.
- Confirm that the Wedge Prism is firmly attached and does not move.

2. Usage:

- Once installed, verify the elevation shift by referencing the engraved measurements on the Wedge Prism.
- Make adjustments to your riflescope settings as necessary.
- Perform a test shot to confirm that the elevation adjustments are functioning correctly.
- Regularly check the alignment and stability of the Wedge Prism during use.

Disposal Instructions

- Dispose of the Wedge Prism and its components in accordance with local regulations.
- Do not dispose of the product in household waste.
- Consider recycling options where available to minimize environmental impact.

Contact Information for Further Support

For any questions or concerns regarding the WEDGE PRISM 100 MOA/29 MRAD, please refer to the manufacturer's contact information included with your product packaging or visit the official website for additional resources.

By following these safety instructions, you can ensure a safe and enjoyable shooting experience with the WEDGE PRISM 100 MOA/29 MRAD. Thank you for your attention to safety!
