

# HAMMER NOSE KITS FOR S&W - POWER CUSTOM HAMMER NOSE KIT FOR S&W K FRAME

[Handgun Parts](#) > [Trigger Group Parts](#) > [Hammer Parts](#) > [Hammer Blocks](#)

Spring loaded, longer hammer noses provide a consistent, positive ignition with the lightest hammer tension allowing for a lighter, smoother action. Manufactured by wire EDM and CNC precision milling processes, with quality controlled heat treated from S7 tool steel. The hammer noses are machined, not stamped. Designed to be tough and provide a long service life. This kit includes hammer nose, spring and hammer nose rivet. Generally, normal replacement is all that's needed, though some factory variations may require minor fitting. Designed for Smith & Wesson centerfire models, K, L and N.

# Safety Instruction Guide for Hammer Nose Kits for S&W Power Custom Hammer Nose Kit for S&W K Frame

## Introduction

Thank you for choosing the Hammer Nose Kits for S&W Power Custom Hammer Nose Kit for S&W K Frame. This guide provides important safety information and instructions to ensure the safe and effective use of your product. Please read this guide carefully before using the product.

## General Safety Guidelines

- Ensure that you are familiar with the operation of your firearm before installing or using this product.
- Always follow basic firearm safety rules, including treating every firearm as if it is loaded.
- Keep the product out of reach of children and unauthorized users.
- Inspect the product for any damage or defects before use. Do not use if damaged.
- Store the product in a safe and secure place when not in use.

## Specific Safety Precautions for Use

- Only use the Hammer Nose Kits for S&W K, L, and N models as specified.
- Ensure that the firearm is completely unloaded before installation or maintenance.
- Use proper tools and follow installation instructions carefully to avoid injury.
- Avoid using excessive force during installation or adjustment to prevent damage.
- Always wear safety glasses when working with tools and firearms to protect your eyes.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure that the firearm is unloaded and pointed in a safe direction.
- Gather necessary tools, including screwdrivers and any other required equipment.

### 2. Installation:

- Remove the existing hammer nose from your firearm following the manufacturer's instructions.
- Take the new hammer nose from the kit and align it properly with the hammer assembly.
- Insert the hammer nose rivet and ensure it is securely in place.
- Attach the new spring as per the instructions provided in the kit.
- Check for proper alignment and functionality before reassembling the firearm.

### 3. Usage:

- Once installed, test the hammer action in a safe environment to ensure smooth operation.
- Regularly inspect the hammer nose for wear or damage during routine firearm maintenance.

## Disposal Instructions

- Dispose of any old or unused parts in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Check with local authorities for proper disposal methods for metal components.

## **Contact Information for Further Support**

For any questions or concerns regarding the Hammer Nose Kits for S&W Power Custom Hammer Nose Kit for S&W K Frame, please refer to the manufacturer's contact information provided with your product.

By following these guidelines and instructions, you can ensure the safe and effective use of your Hammer Nose Kits for S&W Power Custom Hammer Nose Kit for S&W K Frame. Always prioritize safety and consult professionals if you are unsure about any procedures. Thank you for your attention to safety.
