

# CUSTOM GRADE STANDARD SEATING DIES - CUSTOM GRADE 30-06 SPRINGFIELD BULLET SEATER DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Hornady's Custom Grade New Dimension dies are created from select steel that's heat-treated to ensure the durability needed for a lifetime of reloading. Hornady guarantees they'll never wear out or break under normal use. All dies include the popular double-flat Hornady die lock rings installed and a custom plastic box. Hornady dies are grouped in three series for pricing - die construction and quality is equal in each series. Custom Grade Seater dies include a sliding alignment sleeve which holds the bullet, case mouth, and seater stem in alignment before the bullet enters the case mouth. Seater dies include a built-in crimp ring which can be used or raised for no crimp. All dies come with the popular double-flat Hornady die lock rings installed and a custom plastic die box.

# CUSTOM GRADE STANDARD SEATING DIES

## SAFETY INSTRUCTIONS

### Introduction

Thank you for choosing Hornady's Custom Grade Standard Seating Dies. These dies are designed for safe and effective reloading of 3006 Springfield cartridges. This guide provides essential safety instructions to ensure safe use and compliance with EU General Product Safety Regulation (GPSR).

### General Safety Guidelines

- Ensure that you read and understand all instructions before using the product.
- Keep the dies out of reach of children and vulnerable individuals.
- Use the dies only for their intended purpose as specified in this manual.
- Always wear appropriate safety gear, such as safety glasses and gloves, when reloading.
- Be aware of your surroundings and ensure that you are in a safe environment while using the dies.
- Regularly inspect the dies for any signs of damage or wear. Do not use damaged dies.

### Specific Safety Precautions for Use

- **Hazard Identification:**
  - Improper use of reloading dies can lead to accidents or injuries.
  - Ensure that the dies are compatible with the cartridge you are using.
- **Avoiding Hazards:**
  - Do not exceed the recommended load specifications for the 3006 Springfield cartridge.
  - Always check that the die is properly secured before use.
  - Ensure that the alignment sleeve is functioning correctly to prevent misalignment.
- **Age and Audience Specific Warnings:**
  - This product is intended for use by individuals who are knowledgeable about reloading practices.
  - Not suitable for use by children or individuals without proper training.

### Instructions for Installation and Usage

#### 1. Installation:

- Carefully unpack the die and inspect it for any damage.
- Securely mount the die in your reloading press according to the manufacturer's instructions.
- Ensure that the doubleflat Hornady die lock rings are installed correctly.

#### 2. Usage:

- Prepare your cartridge cases as per standard reloading practices.
- Insert the bullet into the alignment sleeve of the seater die.
- Adjust the seating depth as required by turning the seater stem.
- Operate the reloading press smoothly to seat the bullet into the case mouth.
- If using the crimp feature, adjust the crimp ring according to your preferences.
- After reloading, inspect each cartridge for proper seating and crimping.

### Disposal Instructions

- Follow local regulations for the disposal of used reloading components.
- Dispose of any damaged dies or components in accordance with hazardous waste guidelines where applicable.

- Do not throw dies in regular household waste.

## **Contact Information for Further Support**

For any safety inquiries or further assistance regarding the use of Hornady's Custom Grade Standard Seating Dies, please refer to the contact information provided with your product packaging.

By following these safety instructions, you can ensure a safe and enjoyable reloading experience. Thank you for choosing Hornady, and happy reloading!
