# NECK SIZING DIE SETS Safety Instruction Guide

## Introduction

Thank you for choosing the NECK SIZING DIE SET 22250 Rem from Redding. This product is designed to help you resize your cartridge necks safely and effectively. To ensure your safety and the proper functioning of this product, please read and follow these safety instructions carefully.

## General Safety Guidelines

- Always ensure that you are using the NECK SIZING DIE SET in a wellventilated area.
- Keep the dies and all related components out of reach of children.
- Wear appropriate personal protective equipment (PPE), such as safety glasses, when using this product.
- Be aware of your surroundings and ensure that your workspace is clear of unnecessary items.
- Inspect the dies for any signs of damage or wear before use. Do not use damaged components.
- Follow all local laws and regulations regarding the use of reloading equipment and ammunition.

## Specific Safety Precautions for Use

- Read and understand all instructions provided with the NECK SIZING DIE SET before use.
- Ensure that the reloading press is securely mounted and stable during operation.
- Use only the specified cartridge type (22250 Remington) with this die set.
- Avoid overtightening the dies in the press, as this may cause damage.
- Do not attempt to modify or alter the dies in any way.
- Use the decapping rod assembly carefully to avoid injury.
- Always doublecheck that the correct seating plug is in place before starting the reloading process.
- If you experience any unusual resistance or difficulty during operation, stop immediately and inspect the equipment.

## Instructions for Installation and Usage

### 1. Installation:

- Securely mount your reloading press on a stable work surface.
- Select the appropriate die from the NECK SIZING DIE SET.
- Insert the neck sizing die into the press and tighten it to ensure it is secure.
- Attach the decapping rod assembly, ensuring the neck expander button is properly positioned.

### 2. Usage:

- Begin by placing the cartridge case in the shell holder of the press.
- Operate the press to size the neck of the cartridge case.
- After resizing, remove the cartridge case and inspect it for proper sizing.
- Use the seating die to insert the bullet into the resized case, ensuring the bullet guide and crimp ring are correctly positioned.
- Check the overall length and crimping of the loaded cartridge before use.

## Disposal Instructions

- Dispose of any damaged or unusable dies and components in accordance with local regulations.
- Do not throw away the dies in regular trash. Contact your local waste management facility for proper disposal methods.
- Ensure that all packaging materials are disposed of responsibly, recycling where possible.

## **Contact Information for Further Support**

For any safety inquiries or additional support regarding the NECK SIZING DIE SET, please refer to the contact information provided on the product packaging or visit the manufacturer's website.

## **Conclusion**

By following these safety instructions, you can ensure a safe and effective experience with your NECK SIZING DIE SET 22250 Rem. Always prioritize safety and adhere to the guidelines provided to prevent accidents and injuries. Thank you for your attention to these important safety measures.
