

MATCH GRADE FULL LENGTH SIZING DIES - HORNADY MATCH GRADE NEW DIMENSION FULL LENGTH DIE, 6MM PPC

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Ensure Accurate Resizing for Your 300 PRC Loads

The Hornady+ match Grade Dies feature interchangeable neck sizing bushings that are self centering. The bushings allow the user to size the case neck to the bullet tension you desire. This eliminates the chance of over-sizing your case necks and overworking the brass. Bushings are available in .002 inch increments. The Match Grade Full Length Die will size the case body, bump the shoulder and size the case neck with the selected bushing. The Match Grade Neck Die sizes the neck with the installed bushing and bumps the shoulder only (no body sizing). Both versions feature a self centering decap spindle with an o-ring spindle tensioner, and the elliptical expander ball with headed decap pin - the same pin used in the Custom Grade Dies. These bushing sizer dies have some unique features and are very well made and finished.

Attributes

- Name: [HORNADY MATCH GRADE NEW DIMENSION FULL LENGTH DIE, 6MM PPC](#)

Safety Instruction Guide for Hornady Match Grade Full Length Sizing Dies

Introduction

Thank you for choosing the Hornady Match Grade Full Length Sizing Dies for your reloading needs. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of this product. Please read this manual thoroughly before use.

General Safety Guidelines

- Always handle reloading equipment with care and respect.
- Keep dies and accessories out of reach of children and unauthorized users.
- Inspect your dies for any damage or wear before each use.
- Ensure your workspace is clean, organized, and free from distractions.
- Follow all local laws and regulations regarding ammunition reloading.
- Use appropriate personal protective equipment (PPE), such as safety glasses and gloves, when handling materials.

Specific Safety Precautions for Use

- Ensure that the die is securely mounted in the reloading press before use.
- Only use the recommended bushings for sizing to avoid potential hazards.
- Do not exceed the recommended load specifications for your cartridge.
- Avoid using damaged or worn components, as they may lead to unsafe conditions.
- Always maintain a safe distance from the reloading press while it is in operation.
- If you notice any unusual sounds or resistance while sizing, stop immediately and inspect the equipment.

Instructions for Installation and Usage

1. Installation of the Die:

- Remove the die from its packaging and inspect it for any damage.
- Securely attach the die to your reloading press according to the manufacturer's instructions.
- Ensure that the selfcentering decap spindle is properly installed and functioning.

2. Choosing the Correct Bushing:

- Select the appropriate neck sizing bushing based on your desired bullet tension.
- The bushings are available in .002 inch increments for precise adjustments.
- Install the chosen bushing into the die, ensuring it is seated correctly.

3. Sizing the Case:

- Insert the case into the shell holder of your reloading press.
- Operate the press to size the case body, bump the shoulder, and size the case neck.
- For neck sizing only, use the Match Grade Neck Die as per the specific instructions.

4. PostUse Inspection:

- After use, clean the dies and bushings to remove any residue or debris.
- Store the dies in a safe and dry location, away from moisture and corrosive materials.

Disposal Instructions

- Dispose of any damaged dies or components in accordance with local regulations.
- Recycle materials where possible, ensuring that all hazardous materials are disposed of safely.
- Do not discard dies or components in regular household waste.

Contact Information for Further Support

For any safety inquiries or additional support related to the Hornady Match Grade Full Length Sizing Dies, please refer to the manufacturer's contact information provided with the product.

Conclusion

By following these safety instructions and guidelines, you can ensure a safe and effective reloading experience with the Hornady Match Grade Full Length Sizing Dies. Always prioritize safety and adhere to best practices during the reloading process. Thank you for your attention to these important safety measures.
