

TYPE S BUSHING FULL DIES - REDDING 300 WEATHERBY MAGNUM TYPE S BUSHING FULL LENGTH DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Full Length resizing while maintaining exact control of the case neck is often desirable in one operation. The Redding Type S Bushing Full Length Sizing Dies accomplish this task with the precision you would expect from Redding. Uses the same interchangeable bushings as those used in Redding bushing style neck sizing dies. The adjustable decapping rod allows you to adjust the bushing position, sizing only part of the neck length when desired. Concentricity is enhanced by the ability of the bushing to self-center on the neck of the cartridge case. All Type S dies are supplied with both the standard size button and a decapping pin retainer. By removing the bushing and all internal parts, the Type S Bushing Full Die may also be used as a body die.

Safety Instruction Guide for TYPE S BUSHING FULL DIES REDDING 300 WEATHERBY MAGNUM TYPE S BUSHING FULL LENGTH DIE

Introduction

Thank you for choosing the Redding Type S Bushing Full Length Die for your reloading needs. This guide provides essential safety instructions and usage guidelines to ensure safe and effective operation of this product. Please read and follow these instructions carefully to avoid hazards and ensure the best performance.

General Safety Guidelines

- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when handling reloading equipment.
- Keep your workspace clean and organized to prevent accidents and ensure efficient operation.
- Ensure proper ventilation in your workspace to avoid inhalation of any dust or fumes.
- Store all reloading components, including this die, out of reach of children and pets.
- Regularly inspect your equipment for signs of wear or damage before use.
- Report any unsafe conditions or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- **Hazard Identification:**
 - The die is designed for resizing cartridge cases. Improper use may result in injury.
 - Ensure that the die is compatible with the cartridge you are reloading (300 Weatherby Magnum).
- **Avoiding Hazards:**
 - Do not exceed the recommended load limits for your cartridges.
 - Always follow manufacturer guidelines for reloading data.
 - Do not use the die for any purpose other than its intended use.
- **Age Warning:**
 - This product is intended for use by individuals 18 years of age and older. Keep out of reach of children.

Instructions for Installation and Usage

- **Installation:**
 1. Ensure that your reloading press is securely mounted and stable.
 2. Remove any previous dies from the press.
 3. Insert the Redding Type S Bushing Full Length Die into the press and tighten it securely.
 4. Make sure the adjustable decapping rod is set to the desired position before use.
- **Usage:**
 1. Prepare your cartridge cases by cleaning and inspecting them for damage.
 2. Insert the cartridge case into the die.
 3. Operate the press to resize the case, ensuring that the bushing selfcenters on the neck.
 4. If necessary, adjust the bushing position to size only part of the neck length.
 5. Remove the resized case and inspect it for any defects.
 6. Repeat the process for additional cases as needed.

Disposal Instructions

- Dispose of any packaging materials in accordance with local regulations.
- If the die or any components become damaged beyond repair, dispose of them responsibly, ensuring

they do not pose a risk to the environment or public safety.

Contact Information for Further Support

For any inquiries regarding the safety and usage of the Redding Type S Bushing Full Length Die, please refer to the manufacturer's website or contact your local retailer for assistance. Always ensure that you have the most current information regarding product safety and recalls.

Thank you for choosing Redding. We wish you safe and successful reloading!
