

COMPETITION BUSHING NECK DIES - COMPETITION BUSHING NECK DIE 300 REM ULTRA MAG

Similar in design concept to Reddings Competition Seating Die, the cartridge case is completely supported and aligned with the sizing bushing before the sizing process begins. As the sizing process starts, the cartridge case remains supported in the tightly chambered, sliding sleeve as it moves upward while the resizing bushing self-centers on the case neck. The decapping rod is maintained in precise alignment by using the internal parts of the die as a linear support much like that of a firing pin. Meanwhile, the micrometer adjustment of the bushing position delivers precise control to the desired amount of neck length to be sized. These dies were designed for use by Competition Shooters who have meticulously prepared their cartridge cases and do not wish to use a sizing button, however, carbide size button kits are available separately. Bushings and shellholders sold separately

Attributes

- Name: COMPETITION BUSHING NECK DIE 300 REM ULTRA MAG
- Manufacturer: REDDING
- Product no.: 749007434
- Mfr. No.: 56288

Safety Instruction Guide for COMPETITION BUSHING NECK DIES COMPETITION BUSHING NECK DIE 300 REM ULTRA MAG

Introduction

Thank you for choosing the COMPETITION BUSHING NECK DIES COMPETITION BUSHING NECK DIE 300 REM ULTRA MAG. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read this document carefully before using the die.

General Safety Guidelines

- **Product Safety:** Ensure safe use of the die by following all instructions provided. This product is designed for use with specific cartridge cases and should not be modified or used outside of its intended purpose.
- **Enhanced Recalls:** Stay informed about any safety recalls related to this product. If a recall occurs, follow the instructions provided for returning or remedying the product.
- **Online Shopping:** If purchased online, ensure that the platform complies with safety requirements.
- **Special Consumer Focus:** This product should be kept out of reach of children and vulnerable individuals.
- **EU Contact Point:** For any safety inquiries, please refer to the provided contact point in the product documentation.
- **Rapid Alerts:** Regularly check the EU's Safety Gate platform for updates on product safety.

Specific Safety Precautions for Use

- **Hazard Identification:**
 - The die is designed for resizing cartridge cases. Improper usage may lead to injuries or accidents.
 - Ensure that the die is used with compatible cartridge cases only.
- **Avoiding Hazards:**
 - Always wear appropriate safety gear, including eye protection, when using the die.
 - Ensure the work area is clean and free from distractions.
 - Do not operate the die when fatigued or under the influence of substances that may impair judgment.
- **AgeSpecific Warnings:** This product is intended for use by adults only. Keep away from children.

Instructions for Installation and Usage

- **Installation:**
 - Ensure that your reloading press is securely mounted and stable.
 - Carefully follow the manufacturer's instructions for installing the die into the press.
 - Verify that the die is properly aligned and tightened before use.
- **Usage:**
 - Prepare the cartridge cases by cleaning and inspecting them for damage.
 - Insert the cartridge case into the die, ensuring it is fully supported and aligned with the sizing bushing.
 - Adjust the micrometer setting to the desired neck length before starting the sizing process.
 - Operate the press smoothly and steadily to avoid damaging the die or cartridge case.
 - After resizing, inspect the cartridge case for proper sizing and any signs of damage.

Disposal Instructions

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not dispose of the product in regular household waste. Check for recycling options in your area.
