

COMPETITION BUSHING NECK DIES - COMPETITION BUSHING NECK DIE 220 SWIFT

Similar in design concept to Reddings Competition Seating Die, the cartridge case is completely supported and aligned with the sizing bushing before the sizing process begins. As the sizing process starts, the cartridge case remains supported in the tightly chambered, sliding sleeve as it moves upward while the resizing bushing self-centers on the case neck. The decapping rod is maintained in precise alignment by using the internal parts of the die as a linear support much like that of a firing pin. Meanwhile, the micrometer adjustment of the bushing position delivers precise control to the desired amount of neck length to be sized. These dies were designed for use by Competition Shooters who have meticulously prepared their cartridge cases and do not wish to use a sizing button, however, carbide size button kits are available separately. Bushings and shellholders sold separately

Attributes

- Name: COMPETITION BUSHING NECK DIE 220 SWIFT
- Manufacturer: REDDING

Safety Instruction Guide for COMPETITION BUSHING NECK DIE 220 SWIFT

Introduction

Thank you for choosing the COMPETITION BUSHING NECK DIE 220 SWIFT. This product is designed for precision resizing of cartridge cases, ensuring optimal performance for competition shooters. It is essential to follow safety guidelines to ensure safe usage and to avoid any potential hazards.

General Safety Guidelines

- **Product Safety:** This product is designed to meet safety standards for nonfood items. Always ensure safe handling and usage.
- **Enhanced Recalls:** Stay informed about product recalls. Any dangerous products will be announced through standardized recall notices.
- **Online Shopping:** If purchased online, ensure that the platform complies with safety requirements just as physical stores do.
- **Special Consumer Focus:** Extra care should be taken when used around vulnerable groups, such as children. Keep out of their reach.
- **EU Contact Point:** For safety inquiries, please refer to the designated EU contact point.
- **Rapid Alerts:** Check the EU's Safety Gate platform for updates on unsafe products.

Specific Safety Precautions for Use

- **Read the Manual:** Always read the instruction manual before using the die to understand its functions and safety features.
- **Inspect Before Use:** Check the die and its components for any damage or wear before each use.
- **Proper Handling:** Use the die only in a wellventilated area and ensure that the workspace is clean and organized.
- **Personal Protective Equipment (PPE):** Wear appropriate PPE, such as safety glasses and gloves, to protect against potential hazards during usage.
- **Avoid Distractions:** Focus on the task at hand and avoid distractions while using the die.
- **Keep Away from Children:** Ensure that the die and all components are stored out of reach of children.

Instructions for Installation and Usage

- **Installation:**
 1. Ensure your reloading press is securely mounted and stable.
 2. Insert the COMPETITION BUSHING NECK DIE into the press following the manufacturer's instructions.
 3. Adjust the die to the desired height for proper sizing.
 4. Secure the die in place according to the reloading press specifications.
- **Usage:**
 1. Prepare the cartridge case by cleaning and inspecting it.
 2. Insert the cartridge case into the sliding sleeve of the die.
 3. Start the sizing process by moving the handle of the reloading press.
 4. Monitor the alignment of the case neck and resizing bushing throughout the process.
 5. After resizing, remove the cartridge case and inspect it for any defects.
 6. Repeat the process for additional cases as needed.

Disposal Instructions

- Dispose of any damaged or worn components of the die according to local regulations.
- Do not dispose of the die in regular household waste. Check for local recycling or hazardous waste disposal options.
- Ensure that all packaging materials are disposed of responsibly.

Contact Information for Further Support

For any questions or concerns regarding the COMPETITION BUSHING NECK DIE 220 SWIFT, please refer to the manufacturer's support resources.

By following these safety instructions, you can ensure a safe and effective reloading experience. Thank you for your attention to safety.
