

# COMPETITION BUSHING NECK DIE SETS - 6MM PPC BUSHING NECK DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Redding Competition Bushing Neck Die Set includes a Competition Bushing Neck Sizing Die, a Body Die, and a Competition Bullet Seater. Neck Sizing Die and Seater feature micrometer adjustments. Bushings and Shellholder sold separately. Competition Bushing Neck Die - With this die, the cartridge case is completely supported and aligned with the sizing bushing before the sizing process begins. As the sizing process starts, the cartridge case remains supported in the tightly chambered, sliding sleeve as it moves upward while the resizing bushing self-centers on the case neck. The decapping rod is maintained in precise alignment by using the internal parts of the die as a linear support much like that of a firing pin. Meanwhile, the micrometer adjustment of the bushing position delivers precise control to the desired amount of neck length to be sized. Body Die -designed to full length resize the case body and bump the shoulder position for proper chambering without disturbing the case neck. Competition Bullet Seater - Tighter manufacturing tolerances have been made possible due to the details of the floating seating stem system. The bullet guide to seating stem fit is so precise that the seating stem can actually be demonstrated to "float"

## Attributes

- Name: [6MM PPC BUSHING NECK DIE SET](#)
- Manufacturer: [REDDING](#)
- Product no.: 749008223
- Mfr. No.: 58319

# Safety Instruction Guide for Redding Competition Bushing Neck Die Set

## Introduction

Thank you for choosing the Redding Competition Bushing Neck Die Set. This product is designed to provide precision and reliability for your reloading needs. To ensure safe and effective use of this product, please read this safety instruction guide carefully. It includes important information on safety guidelines, precautions, installation, usage, and disposal.

## General Safety Guidelines

- Ensure safe use of the Redding Competition Bushing Neck Die Set by following these guidelines:
  - Always read and understand the product manual before use.
  - Keep the die set out of reach of children and vulnerable individuals.
  - Use the product only for its intended purpose.
  - Regularly inspect the die set for any signs of wear or damage before use.
  - Store the die set in a cool, dry place when not in use.
  - Report any unsafe products or accidents to the relevant authorities.
  - Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- To avoid potential hazards while using the Redding Competition Bushing Neck Die Set, please adhere to the following precautions:
  - Always wear appropriate safety gear, such as safety glasses and gloves, when using the die set.
  - Ensure that you are familiar with the reloading process and techniques before using the die set.
  - Do not exceed the maximum load specifications as outlined in your reloading manual.
  - Be cautious when handling components, as sharp edges may be present.
  - Avoid using the die set in wet or damp conditions to prevent electrical hazards if applicable.
  - Ensure that all components are clean and free from debris before use.

## Instructions for Installation and Usage

- Follow these steps for the proper installation and usage of the Redding Competition Bushing Neck Die Set:

### Installation

#### 1. Prepare the Work Area:

- Ensure your work area is clean, welllit, and organized.
- Gather all necessary tools and components for reloading.

#### 2. Install the Die Set:

- Secure the Competition Bushing Neck Sizing Die into your reloading press according to the manufacturer's instructions.
- Install the Body Die and Competition Bullet Seater in the same manner.
- Ensure that the dies are tightened securely to prevent movement during operation.

## Usage

### 1. Neck Sizing:

- Insert the cartridge case into the die, ensuring it is properly aligned.
- Adjust the micrometer for the desired neck length.
- Operate the press smoothly to resize the neck of the cartridge case.

### 2. Full Length Resizing:

- Use the Body Die to resize the case body and bump the shoulder position.
- Follow the same alignment and operation procedures as with the neck sizing.

### 3. Bullet Seating:

- Place the bullet into the cartridge case.
- Use the Competition Bullet Seater to seat the bullet to the desired depth.
- Ensure that the seating stem is properly adjusted for precision.

### 4. Final Inspection:

- Inspect each cartridge for proper sizing and seating.
- Discard any cartridges that do not meet safety or quality standards.

## Disposal Instructions

- When disposing of the Redding Competition Bushing Neck Die Set or any associated materials, please follow these guidelines:
  - Dispose of all components in accordance with local regulations.
  - Do not dispose of the product in regular household waste if it contains hazardous materials.
  - Check with local waste management authorities for proper disposal methods.

## Contact Information for Further Support

For any questions or concerns regarding the Redding Competition Bushing Neck Die Set, please refer to the manufacturer's contact information provided in the product manual or packaging. Always ensure that you reach out to the appropriate support channels for assistance.

By following these safety instructions, you can ensure a safe and effective reloading experience with the Redding Competition Bushing Neck Die Set. Thank you for prioritizing safety in your reloading activities.
