

30-06 SPRINGFIELD BRASS CASE - 30-06 SPRINGFIELD BRASS 50/BOX

[Reloading](#) > [Brass](#) > [Rifle Brass](#)

Hornady unprimed brass features tight tolerances, uniform concentricity, consistent weight and capacity. Their manufacturing processes ensure consistent bullet seating and uniform bullet release for optimal velocity and accuracy. Target shooters insist on uniform case wall thickness and tight tolerances. Hornady delivers this by treating brass as the foundation for an accurate cartridge, not as a commodity.

Attributes

- Name: [30-06 SPRINGFIELD BRASS 50/BOX](#)
- Manufacturer: [HORNADY](#)
- Product no.: 749009778

Safety Instruction Guide for 3006 Springfield Brass Case

Introduction

Thank you for choosing the Hornady 3006 Springfield Brass Case. This guide provides important safety instructions and guidelines to ensure the safe use of this product in compliance with the EU General Product Safety Regulation (GPSR). Please read this guide carefully before using the product.

General Safety Guidelines

- Ensure safe handling and storage of all brass cases to prevent accidents.
- Use the product only for its intended purpose as specified by the manufacturer.
- Always follow local laws and regulations regarding the use and storage of ammunition components.
- Keep out of reach of children and vulnerable individuals to prevent accidental use.
- Regularly check for product recalls or safety alerts via the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always wear appropriate safety gear, including eye protection and hearing protection, when handling or using firearms.
- Inspect the brass cases for any signs of damage or defects before use. Do not use damaged cases.
- Ensure that your firearm is compatible with the 3006 Springfield brass before use.
- Store brass cases in a cool, dry place away from direct sunlight and moisture.
- Do not exceed the recommended load specifications when reloading ammunition.
- Be aware of your surroundings and ensure a safe shooting environment when using firearms.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and materials required for reloading, including powder, primers, and projectiles.
- Ensure your workspace is clean and organized to prevent accidents.

2. Inspect the Brass:

- Check each brass case for cleanliness and integrity.
- Remove any dirt or debris from the cases.

3. Reloading Process:

- Follow the reloading guidelines specific to the 3006 Springfield caliber.
- Use appropriate equipment to resize and deprime the brass cases.
- Add the correct amount of powder as specified in your reloading manual.
- Seat the projectile firmly in the case mouth.

4. Final Inspection:

- After reloading, inspect each cartridge for proper seating and overall condition.
- Store completed cartridges in a safe and organized manner.

5. Usage:

- Only use the reloaded ammunition in firearms that are in good working condition.
- Be sure to follow all safety protocols when firing your weapon.

Disposal Instructions

- Dispose of any damaged or unusable brass cases in accordance with local regulations.
- Do not discard brass cases in regular household waste.
- Consider recycling options for brass cases to minimize environmental impact.

Contact Information for Further Support

For any questions or concerns regarding the safety and use of the Hornady 3006 Springfield Brass Case, please refer to the manufacturer's website or contact your local dealer for assistance.

Thank you for prioritizing safety while using our products. Your attention to these guidelines will help ensure a safe and enjoyable experience.
