

30-30 WINCHESTER BRASS CASE - 30-30 WINCHESTER BRASS 50/BOX

[Reloading](#) > [Brass](#) > [Rifle Brass](#)

Hornady unprimed brass features tight tolerances, uniform concentricity, consistent weight and capacity. Their manufacturing processes ensure consistent bullet seating and uniform bullet release for optimal velocity and accuracy. Target shooters insist on uniform case wall thickness and tight tolerances. Hornady delivers this by treating brass as the foundation for an accurate cartridge, not as a commodity.

Safety Instruction Guide for 3030 Winchester Brass Case

Introduction

Thank you for choosing the 3030 Winchester Brass Case by Hornady. This guide provides essential safety instructions and guidelines to ensure the safe handling and use of this product. Please read this document carefully before use.

General Safety Guidelines

- Ensure you are familiar with the safe handling and use of ammunition components.
- Always store ammunition components in a cool, dry place away from direct sunlight and moisture.
- Keep ammunition components out of reach of children and unauthorized users.
- Regularly check for product recalls or safety alerts on the EU's Safety Gate platform.
- Report any unsafe products or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Always wear appropriate safety gear, including eye protection and hearing protection, when handling ammunition.
- Do not use damaged or corroded brass cases.
- Ensure that the brass case is compatible with your firearm before use.
- Never exceed the recommended load specifications for your firearm.
- Always follow the manufacturer's instructions for reloading and handling ammunition components.

Instructions for Installation and Usage

1. Preparation:

- Ensure your workspace is clean and free of clutter.
- Gather all necessary tools and materials before starting.

2. Inspecting the Brass Case:

- Check the brass case for any signs of damage or wear.
- Ensure that the case is clean and free from debris.

3. Reloading Process:

- Follow the specific reloading data provided by the manufacturer or a reputable reloading manual.
- Use a scale to measure powder charges accurately.
- Seat bullets to the recommended depth specified for your cartridge.

4. Testing:

- After reloading, conduct a function test in a safe environment.
- Always test new loads at a controlled range, ensuring that the area is clear of unauthorized personnel.

Disposal Instructions

- Dispose of any unused or damaged brass cases in accordance with local regulations.

- Do not throw brass cases in regular waste. Check with local recycling centers for proper disposal methods.

Contact Information for Further Support

For any inquiries or further assistance, please refer to the contact details provided on the product packaging or visit the manufacturer's website. Always ensure you have the latest information regarding product safety and usage.

Thank you for your attention to these safety instructions. Your safety is our priority.
