

32 WINCHESTER SPECIAL BRASS CASE - 32 WINCHESTER SPECIAL BRASS 50/BOX

[Reloading](#) > [Brass](#) > [Pistol Brass](#)

Hornady unprimed brass features tight tolerances, uniform concentricity, consistent weight and capacity. Their manufacturing processes ensure consistent bullet seating and uniform bullet release for optimal velocity and accuracy. Target shooters insist on uniform case wall thickness and tight tolerances. Hornady delivers this by treating brass as the foundation for an accurate cartridge, not as a commodity.

Safety Instruction Guide for 32 Winchester Special Brass Case

Introduction

Thank you for choosing the 32 Winchester Special Brass Case by Hornady. This guide provides important safety instructions and guidelines to ensure the safe use of this product. Please read this guide carefully before use to ensure your safety and the safety of others.

General Safety Guidelines

- Ensure that this product is used only by individuals who are knowledgeable about ammunition and firearms.
- Always handle brass cases with care to prevent injury.
- Store brass cases in a cool, dry place away from direct sunlight and moisture.
- Keep brass cases out of reach of children and unauthorized users.
- Check for any visible damage or defects before use. If any issues are found, do not use the product.
- Familiarize yourself with local laws and regulations regarding the use and storage of ammunition components.

Specific Safety Precautions for Use

- Always wear appropriate safety gear, including eye protection, when handling brass cases.
- Do not attempt to modify or alter the brass cases in any way.
- Ensure that you are using the correct type of brass case for your specific firearm.
- Be aware of the potential hazards associated with reloading ammunition, including the risk of explosion or injury if improperly handled.
- Follow all manufacturer guidelines and recommendations for reloading and using brass cases.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and equipment for reloading.
- Ensure your workspace is clean and organized.

2. Inspecting the Brass Case:

- Check for any signs of wear, damage, or defects.
- Ensure the case is free of dirt and debris.

3. Reloading:

- Follow standard reloading procedures, including:
 - Priming the case (if applicable).
 - Adding powder according to the recommended load data.
 - Seating the bullet securely in the case.
- Verify that the loaded ammunition meets the specifications for your firearm.

4. Storage:

- Store reloaded ammunition in a safe and secure location.
- Label all ammunition clearly with the load information.

5. **Disposal:**

- Dispose of any damaged or unusable brass cases in accordance with local regulations.
- Do not discard brass cases in regular household waste.

Disposal Instructions

- Recycle brass cases whenever possible to minimize environmental impact.
- Check with local recycling centers for specific guidelines on disposing of brass.

Contact Information for Further Support

For any questions or concerns regarding the safety and use of the 32 Winchester Special Brass Case, please refer to the manufacturer's website or contact their customer support for assistance.

By following these safety instructions, you can help ensure a safe and enjoyable experience with your 32 Winchester Special Brass Case. Thank you for your attention to safety.
