

## **BODY DIES - Body Die 22K**

Body Dies are designed to full length resize the case body, bump the shoulder position for proper chambering, but not size the neck at all. They are made without internal parts and are intended for resizing cases which have become increasingly difficult to chamber after repeated firing. After using a body die, the case should be run through the neck die to achieve proper neck tension. Sold separately or as part of a set.

# BODY DIES Body Die 22K Safety Instructions

## Introduction

Thank you for choosing the BODY DIES Body Die 22K. This product is designed to help you resize your cases for proper chambering. To ensure safe and effective use, please read the following safety instructions carefully.

## General Safety Guidelines

- Always handle the BODY DIES Body Die 22K with care to prevent injury.
- Use the product only for its intended purpose as stated in the product description.
- Keep the product out of reach of children and vulnerable individuals to avoid accidental misuse.
- Regularly inspect the product for any signs of wear or damage before use.
- Report any unsafe conditions or incidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Ensure that you are using the correct die for your specific cartridge type (22K Hornet).
- Do not attempt to resize the neck of the case with the body die; use a neck die for that purpose.
- Always wear safety glasses when operating reloading equipment to protect your eyes from debris.
- Avoid wearing loose clothing or jewelry that may get caught in the equipment during operation.
- Make sure your work area is clean and free from any obstructions that could cause accidents.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools and materials, including the BODY DIES Body Die 22K and the appropriate reloading press.
- Ensure your workspace is welllit and organized.

### 2. Installation:

- Securely mount the reloading press to a stable work surface.
- Follow the manufacturer's instructions to install the BODY DIES Body Die 22K into the reloading press.

### 3. Usage:

- Insert the case into the press and align it with the body die.
- Operate the press according to the manufacturer's instructions, applying steady pressure to resize the case body.
- After resizing, remove the case and inspect it for proper sizing.
- Run the resized case through a neck die to achieve the desired neck tension.

## Disposal Instructions

- Dispose of any used or damaged components of the BODY DIES Body Die 22K in accordance with local regulations.
- Do not dispose of the product in regular household waste if it contains hazardous materials.
- Contact your local waste management authority for guidance on proper disposal methods.

## **Contact Information for Further Support**

For any safety inquiries or support regarding the BODY DIES Body Die 22K, please consult the manufacturer's contact information provided with your product packaging. It is important to have access to assistance for any questions or concerns you may have.

Thank you for prioritizing safety while using the BODY DIES Body Die 22K. Your attention to these guidelines will help ensure a safe and effective reloading experience.
