FULL LENGTH SIZING DIES REDDING 40 S&W FULL LENGTH SIZING DIE Safety Instruction Guide

Introduction

Thank you for choosing the FULL LENGTH SIZING DIES REDDING 40 S&W FULL LENGTH SIZING DIE. This guide provides important safety information and instructions for the proper use and handling of this product, in accordance with the EU General Product Safety Regulation (GPSR). Please read and follow these instructions carefully to ensure safe and effective use.

General Safety Guidelines

- Ensure that all safety precautions are followed when using this product.
- Always use the sizing die in a wellventilated area.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the die for any damage or wear before use.
- Use appropriate personal protective equipment (PPE) such as safety glasses and gloves when handling reloading equipment.
- Do not modify the die or use it for purposes other than its intended use.

Specific Safety Precautions for Use

- Always ensure that the cartridge case is clean and free from obstructions before sizing.
- Use a headspace gauge when setting up the sizing die to ensure proper fit and safety.
- Avoid overtightening the die in the press, as this can cause damage or malfunction.
- Be aware of the potential for lead exposure when handling spent cartridges; always wash hands thoroughly after reloading.
- In case of any malfunction or abnormal operation, stop using the die immediately and consult the manufacturer or a qualified technician.

Instructions for Installation and Usage

1. Installation:

- Begin by securely attaching the sizing die to your reloading press according to the manufacturer's instructions.
- Ensure the die is properly aligned and tightened to avoid any movement during operation.

2. Usage:

- Insert a clean cartridge case into the press.
- Adjust the sizing die to the appropriate depth using the headspace gauge.
- Operate the press to size the cartridge case, ensuring smooth and controlled movement.
- Remove the sized cartridge case and inspect it for proper sizing and any signs of damage.

3. Decapping Assembly:

- The die includes a decapping assembly. Ensure it is correctly installed before use.
- Follow the same procedure for inserting and sizing the cartridge case.

4. Expander Ball:

- The expander ball is designed to aid in the resizing process. Ensure it is functioning correctly and is

free from debris.

Disposal Instructions

- Dispose of any damaged or worn components in accordance with local regulations.
- Do not dispose of the product in regular household waste. Instead, check with local authorities for proper disposal methods for metal and hazardous materials.

Contact Information for Further Support

For any inquiries or concerns regarding the FULL LENGTH SIZING DIES REDDING 40 S&W FULL LENGTH SIZING DIE, please consult the manufacturer's website or contact their customer support for assistance.

Conclusion

By following the guidelines and instructions outlined in this safety instruction guide, you can ensure the safe and effective use of the FULL LENGTH SIZING DIES REDDING 40 S&W FULL LENGTH SIZING DIE. Always prioritize safety and compliance with local regulations when engaging in reloading activities. Thank you for your attention to these important safety measures.
