

OPTICAL CLEANING KIT - NIGHTFORCE OPTICAL CLEANING KIT

[Optics & Mounting](#) > [Optic Accessories](#) > [Lens Cleaners](#)

The Nightforce Optical Cleaning Kit is necessary companion for your Nightforce riflescope. It is packaged in a convenient, reliable carrying case. The kit contains all of the items needed to professionally care for the lenses of your riflescope. Included is a quality, retractable, ultra-soft bristled brush to remove large particles. It also comes with a scientifically formulated, non-degrading, lens cleaning fluid that works in harmony with the coatings on the lenses. Finally, the kit contains the industry's best split micro-fiber cloth that works better than any material currently on the market. The cloth is static free and can be washed and reused multiple times. (Do not use fabric softener while washing the cloth)

Nightforce Optical Cleaning Kit Safety Instructions

Introduction

Thank you for choosing the Nightforce Optical Cleaning Kit. This kit is essential for the proper maintenance of your Nightforce riflescope lenses. To ensure your safety and the effective use of this product, please read through the following safety instructions carefully.

General Safety Guidelines

- Always ensure that the cleaning kit is used as intended and according to the instructions provided.
- Keep the cleaning kit out of reach of children and pets to prevent accidental ingestion or misuse.
- Inspect all components of the cleaning kit before use. Do not use if any item appears damaged or defective.
- Use the cleaning kit in a wellventilated area to avoid inhalation of any cleaning fluids.
- Follow all local regulations regarding the disposal of cleaning fluids and materials.

Specific Safety Precautions for Use

- Avoid contact with eyes and skin when using the lens cleaning fluid. In case of contact, rinse thoroughly with water and seek medical advice if irritation persists.
- Do not ingest any components of the cleaning kit. If ingested, seek medical attention immediately.
- Do not use the lens cleaning fluid on surfaces other than optical lenses, as it may damage other materials.
- Ensure that the brush is used gently to avoid scratching the lens surface.
- Do not use fabric softener when washing the microfiber cloth, as it can degrade the cleaning effectiveness.

Instructions for Installation and Usage

1. Preparation:

- Ensure your hands are clean and dry before handling any components of the cleaning kit.
- Open the carrying case and remove all items.

2. Cleaning the Lens:

- Use the retractable brush to gently remove any large particles from the lens surface. Use soft strokes to avoid scratching.
- Apply a small amount of the lens cleaning fluid to the microfiber cloth. Do not apply the fluid directly to the lens.
- Wipe the lens in a circular motion, starting from the center and moving outward. This helps to avoid streaks and ensures even cleaning.
- Use a dry section of the cloth to remove any excess fluid and to polish the lens.

3. PostCleaning Care:

- After cleaning, store the microfiber cloth in a clean, dry place.
- Reinsert the brush into its holder to keep it clean and protected.
- Close the carrying case securely to prevent damage to the contents.

Disposal Instructions

- Dispose of any used cleaning fluid according to local regulations. Do not pour it down the drain unless permitted by local waste management guidelines.
- The microfiber cloth can be washed and reused multiple times. Follow washing instructions to maintain its effectiveness.
- Dispose of any damaged components of the cleaning kit responsibly, considering local recycling options where available.

Contact Information for Further Support

For any inquiries regarding safety or usage of the Nightforce Optical Cleaning Kit, please reach out to the appropriate contact point in your EU member state.

Thank you for your attention to these safety instructions. Enjoy using your Nightforce Optical Cleaning Kit responsibly!
