

# NECK EXPANDER DIE PLUGS - RCBS NECK EXPANDER PLUG 0.277"

[Reloading](#) > [Reloading Dies](#) > [Replacement Parts & Upgrades](#)

To eliminate deforming the base and shaving lead off the sides of your lead rifle bullets during seating. RCBS strongly recommends using their Neck Expander Die. In one step, the neck expander die expands the neck and slightly flares the case mouth of your bottle neck cases. This is the expander plug only, to be used with the body die.

## Attributes

# Safety Instruction Guide for RCBS Neck Expander Die Plugs 0.277"

## Introduction

Thank you for choosing the RCBS Neck Expander Die Plug 0.277". This product is designed to enhance your reloading process by expanding the neck and slightly flaring the case mouth of bottle neck cases. To ensure safe and effective use of this product, please read and follow the safety guidelines outlined in this document.

## General Safety Guidelines

- Always use the product in accordance with the manufacturer's instructions.
- Ensure that the work area is clean, welllit, and free of distractions.
- Keep the product out of reach of children and pets.
- Regularly inspect the product for any signs of damage or wear before use.
- If the product is damaged, discontinue use immediately and contact the manufacturer for support.
- Be aware of the specific hazards associated with reloading ammunition, including the handling of lead and other materials.

## Specific Safety Precautions for Use

- Wear appropriate personal protective equipment (PPE) such as safety glasses and gloves while using the product.
- Ensure that you are using the correct caliber and diameter for your specific reloading needs (Caliber: 270/6.8 mm (.277), Diameter: 0.277 inches).
- Always work in a wellventilated area to minimize exposure to lead fumes and dust.
- Avoid inhalation of any dust generated during the reloading process.
- Do not eat, drink, or smoke while handling lead or reloading materials to prevent ingestion of harmful substances.
- Follow all local regulations regarding the handling and disposal of lead and other hazardous materials.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools and materials for reloading.
- Ensure that the RCBS Neck Expander Die Plug is compatible with your reloading setup.

### 2. Installation:

- Remove the die plug from its packaging.
- Carefully install the expander plug into the neck expander die body according to the manufacturer's instructions.
- Ensure that the plug is securely fastened and properly aligned.

### 3. Usage:

- Insert the case into the reloading press as instructed in your reloading manual.
- Operate the press to expand the neck of the case using the neck expander die.
- Check the case after expansion to ensure that it has been properly flared and that there is no deformation.

### 4. PostUse Care:

- Clean the expander plug after use to prevent buildup of lead and debris.
- Store the product in a safe, dry place away from children and pets.

## **Disposal Instructions**

- Dispose of any lead waste and used components in accordance with local regulations.
- Do not dispose of lead in regular household waste.
- Check with local waste management authorities for specific disposal guidelines for hazardous materials.

## **Contact Information for Further Support**

For any questions or concerns regarding the use of the RCBS Neck Expander Die Plug 0.277", please refer to the manufacturer's website or customer service for assistance.

By following these safety instructions, you can ensure a safe and effective reloading experience with your RCBS Neck Expander Die Plug. Thank you for prioritizing safety and compliance with the EU General Product Safety Regulation.
