

MATCH GRADE FULL LENGTH SIZING DIES - 300 WSM MATCH GRADE FULL LENGTH DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Ensure Accurate Resizing for Your 300 PRC Loads

The Hornady+ match Grade Dies feature interchangeable neck sizing bushings that are self centering. The bushings allow the user to size the case neck to the bullet tension you desire. This eliminates the chance of over-sizing your case necks and overworking the brass. Bushings are available in .002 inch increments. The Match Grade Full Length Die will size the case body, bump the shoulder and size the case neck with the selected bushing. The Match Grade Neck Die sizes the neck with the installed bushing and bumps the shoulder only (no body sizing). Both versions feature a self centering decap spindle with an o-ring spindle tensioner, and the elliptical expander ball with headed decap pin - the same pin used in the Custom Grade Dies. These bushing sizer dies have some unique features and are very well made and finished.

Attributes

- Name: [300 WSM MATCH GRADE FULL LENGTH DIE](#)
- Manufacturer: [HORNADY](#)
- Product no.: 749016905
- Mfr. No.: 046242

MATCH GRADE FULL LENGTH SIZING DIES 300 WSM Safety Instruction Guide

Introduction

Thank you for choosing the Hornady Match Grade Full Length Sizing Dies for your reloading needs. This guide provides important safety instructions to ensure the safe and effective use of this product. Please read this guide carefully before use to understand the potential risks and how to mitigate them.

General Safety Guidelines

- Always use the sizing dies in accordance with the manufacturer's instructions.
- Ensure that the dies are compatible with your specific reloading equipment.
- Keep the dies and all reloading components out of reach of children and unauthorized users.
- Inspect the dies for any signs of damage or wear before each use.
- Use proper personal protective equipment (PPE) such as safety glasses and gloves when handling reloading materials.

Specific Safety Precautions for Use

- **Potential Hazards:**
 - Injury from sharp edges or moving parts.
 - Risk of oversizing cases leading to malfunction or damage to firearms.
 - Exposure to lead and other hazardous materials during reloading.
- **Avoiding Hazards:**
 - Always handle the dies with care and store them in a safe place.
 - Do not exceed recommended sizing limits; refer to the manufacturer's specifications for proper sizing dimensions.
 - Ensure adequate ventilation when reloading to minimize exposure to fumes.
 - Clean up any spilled materials immediately to prevent slips and falls.

Instructions for Installation and Usage

- **Installation:**
 1. Ensure your reloading press is securely mounted and stable.
 2. Remove the existing die from the press if applicable.
 3. Insert the Hornady Match Grade Full Length Die into the press and tighten securely.
 4. If using a neck sizing bushing, select the desired bushing size and install it according to the instructions provided with the bushing.
- **Usage:**
 1. Prepare your brass cases by cleaning and inspecting them for defects.
 2. Insert a brass case into the shell holder of the press.
 3. Raise the ram to engage the die and size the case according to your specifications.
 4. After sizing, inspect the case to ensure it meets the required dimensions.
 5. Repeat the process for each case as needed.

Disposal Instructions

- Dispose of any spent primers, used brass, and other reloading materials in accordance with local regulations.

- Do not dispose of hazardous materials in regular trash. Check with your local waste management facility for proper disposal methods.
- Ensure that any packaging materials are recycled or disposed of responsibly.

Contact Information for Further Support

For further assistance or safety inquiries, please refer to the manufacturer's website or contact the customer service department of Hornady. It is important to follow all safety guidelines and to report any unsafe products or incidents to the appropriate authorities.

Conclusion

By following these safety instructions, you can ensure a safe and effective reloading experience with the Hornady Match Grade Full Length Sizing Dies. Always prioritize safety and remain informed about the proper use of your reloading equipment. Thank you for your attention to these important guidelines.
