# Marksman Dust Cover Safety Instruction Guide

## Introduction

Thank you for choosing the Marksman Dust Cover from MEC Reloading. This product is designed specifically for the MEC Marksman metallic reloading press. The Dust Cover plays a crucial role in maintaining the cleanliness and functionality of your reloading machine, ensuring it operates smoothly and efficiently. This guide provides important safety information, usage instructions, and disposal guidelines to help you use the Marksman Dust Cover safely and effectively.

## General Safety Guidelines

When using the Marksman Dust Cover, please adhere to the following safety guidelines:

- Always ensure that the reloading press is turned off and unplugged before installing or removing the Dust Cover.
- Keep the Dust Cover clean and free from any obstructions to maintain proper airflow and function.
- Inspect the Dust Cover regularly for any signs of wear or damage. Replace it if it is compromised.
- Do not use the Dust Cover for any purpose other than its intended use with the MEC Marksman metallic reloading press.
- Store the Dust Cover in a dry place away from direct sunlight and extreme temperatures.
- Be aware of your surroundings and ensure that children and pets are kept at a safe distance while using your reloading press.

## Specific Safety Precautions for Use

To ensure safe usage of the Marksman Dust Cover, please follow these specific precautions:

- **Installation Precautions:**

- Ensure that the reloading press is completely cool before installing the Dust Cover.
- Align the Dust Cover properly with the press to avoid any interference with its operation.

- **Usage Precautions:**

- Do not operate the reloading press while the Dust Cover is installed, as it is designed solely for protection when the machine is not in use.
- Avoid placing heavy objects on top of the Dust Cover, as this may cause damage.

- **Cleaning Precautions:**

- Use a soft, damp cloth to clean the Dust Cover. Do not use harsh chemicals or abrasive materials that could damage the surface.
- Ensure the Dust Cover is completely dry before placing it back on the reloading press.

## Instructions for Installation and Usage

Follow these steps for the proper installation and usage of the Marksman Dust Cover:

1. **Installation:**

- Make sure the MEC Marksman metallic reloading press is turned off and unplugged.
- Position the Dust Cover over the reloading press, ensuring it fits snugly around all edges.
- Check that no components of the reloading press are obstructed by the Dust Cover.

## **2. Usage:**

- The Dust Cover should only be used when the reloading press is not in operation.
- Periodically check the Dust Cover for dust accumulation and clean as necessary.

## **3. Removal:**

- When you are ready to use the reloading press, carefully remove the Dust Cover.
- Store the Dust Cover in a clean, dry location until the next use.

# **Disposal Instructions**

When disposing of the Marksman Dust Cover, please consider the following:

- If the Dust Cover is damaged or no longer usable, dispose of it in accordance with local waste disposal regulations.
- Do not incinerate the Dust Cover, as it may release harmful substances.
- If applicable, recycle the Dust Cover according to your local recycling guidelines.

# **Contact Information for Further Support**

For any questions or concerns regarding the Marksman Dust Cover, please refer to the manufacturer's contact information provided with the product. It is important to reach out to an EUbased contact for safety inquiries and assistance.

# **Conclusion**

By following these safety instructions, you can ensure the safe and effective use of the Marksman Dust Cover with your MEC Marksman metallic reloading press. Regular maintenance and proper usage will help extend the life of your equipment and enhance your reloading experience. Thank you for choosing MEC Reloading products.
