

A-TIP MATCH 6MM (0.243') ALUMINUM TIP RIFLE BULLETS - A-TIP® MATCH 6MM (0.243") 110GR ALUMINUM TIP-BT 100/BOX

[Reloading](#) > [Bullets](#) > [Rifle Bullets](#)

Years of research and testing by the Hornady® Ballistic Development Group, combined with advanced manufacturing processes and quality control measures have led to the creation of the ultimate low drag, high performance match bullet. Use of a new A-Tip® seating stem is required for optimal bullet seating. FEATURES TIP DESIGN: Aluminum tip is precision machined and longer than polymer tips which moves the center of gravity and enhances in-flight stability. Aeroballistically advanced tip design results in tighter groups and reduced drag variability. Perfect blend of ogive, tip length, bearing surface and optimized boattail by caliber. PERFORMANCE: Doppler radar verified low drag coefficient (high BC) bullets are forgiving of twist rate, seating depth and muzzle velocity. Refined design of the AMP® bullet jacket offers industry leading uniformity and concentricity. MANUFACTURING: Right off the press – sequentially packaged, one clone after another for the ultimate in consistent performance. Minimal handling throughout the manufacturing process ensures consistency from bullet to bullet. Packaged with a polishing bag to prepare bullets for loading (bullets aren't bulk washed after manufacture).

Attributes

- Name: [A-TIP® MATCH 6MM \(0.243"\) 110GR ALUMINUM TIP-BT 100/BOX](#)
- Manufacturer: [HORNADY](#)
- Product no.: 749018800
- Mfr. No.: 24531
- Ballistic Coefficient (G1): 0.604
- Ballistic Coefficient (G7): 0.304
- Bullet Style: A-Tip Match
- Caliber: 243 Caliber, 6mm
- Diameter (in): 0.243
- Grain: 110
- Sectional Density: 0.266
- Quantity: 100
- Delivery weight: 0.839kg
- Shipping height: 83mm
- Shipping width: 121mm
- Shipping length: 152mm
- UPC: 090255245318

ATIP MATCH 6MM (0.243') Aluminum Tip Rifle Bullets Safety Instruction Guide

Introduction

Thank you for choosing the ATIP MATCH 6MM (0.243") Aluminum Tip Rifle Bullets. This guide provides essential safety instructions and guidelines to ensure the safe use of this product. It is important to read and understand these instructions before using the bullets to minimize risks and ensure compliance with safety regulations.

General Safety Guidelines

- Ensure safe use of the ATIP MATCH bullets by following these guidelines:
 - Always handle bullets with care and store them in a secure location away from children and unauthorized users.
 - Use the bullets only for their intended purpose in accordance with the manufacturer's specifications.
 - Always wear appropriate protective gear, such as eye and ear protection, when handling or using firearms.
 - Be aware of your surroundings and ensure a safe shooting environment.
 - Follow all local, state, and federal laws regarding the use and storage of ammunition.

Specific Safety Precautions for Use

- To ensure safe handling and use of the ATIP MATCH bullets, observe the following precautions:
 - Do not use damaged or deformed bullets.
 - Ensure that your firearm is compatible with 6MM (0.243") caliber bullets before use.
 - Always check the barrel for obstructions before loading a bullet.
 - Do not exceed the recommended seating depth as specified by the manufacturer.
 - Avoid using the bullets in firearms that are not designed for highperformance ammunition.
 - Store bullets in a cool, dry place to prevent degradation of materials.

Instructions for Installation and Usage

- Follow these steps for the proper installation and usage of ATIP MATCH bullets:

1. Preparation:

- Gather all necessary equipment, including a suitable reloading press and ATip® seating stem.
- Ensure that your workspace is clean and organized.

2. Loading Bullets:

- Carefully place the bullet into the case mouth.
- Use the ATip® seating stem to ensure optimal bullet seating.
- Follow the manufacturer's recommendations for powder charges and overall cartridge length.

3. Before Shooting:

- Inspect your firearm for proper function and cleanliness.
- Ensure that you are in a safe shooting location with a proper backstop.

4. Shooting:

- Load the ammunition into your firearm according to the manufacturer's instructions.
- Maintain a safe shooting posture and be aware of your surroundings.

Disposal Instructions

- Proper disposal of unused or spent bullets is essential to ensure safety and environmental protection:
 - Do not dispose of bullets in regular household waste.
 - Contact local hazardous waste disposal facilities for information on proper disposal methods.
 - Follow local regulations regarding the disposal of ammunition and components.

Contact Information for Further Support

For any inquiries regarding safety or product use, please contact the manufacturer or your local retailer for assistance. It is essential to have access to support for any questions or concerns you may have regarding the ATIP MATCH bullets.

By adhering to these safety guidelines and instructions, you can ensure a safe and enjoyable experience while using the ATIP MATCH 6MM (0.243") Aluminum Tip Rifle Bullets. Always prioritize safety and responsible use when handling ammunition.
