

6MM BR NORMA BRASS 50/BOX

[Reloading](#) > [Brass](#) > [Rifle Brass](#)

The 6mm BR Norma goes by many names. Some call it the 6mm Norma BR. Some shorten the name to 6 BR Norma, or even shorter 6 BR. The headstamp on Peterson casings is 6mm BR Norma. The 6mm BR Norma was introduced in 1996, designed for use with long, very low drag bullets. It is an excellent long-range target caliber with light recoil, which helps when your goal is to put all the bullets in the same hole at the target. The 6mm BR Norma is particularly well suited for 1,000-yard bench rest shooting. The 6mm BR is also an excellent long-range varmint caliber. Peterson's 6mm BRs have a small rifle primer pocket and they also have harder heads, which results in longer primer pocket life.

Attributes

- Name: [6MM BR NORMA BRASS 50/BOX](#)
- Manufacturer: [PETERSON CARTRIDGE](#)
- Product no.: 749018845
- Mfr. No.: 40039-R

6MM BR NORMA BRASS Safety Instruction Guide

Introduction

Thank you for choosing the 6MM BR Norma Brass. This product is designed for use in longrange target shooting and varmint hunting. To ensure your safety and the safe use of this product, please read and follow the instructions and guidelines provided in this document.

General Safety Guidelines

- Always ensure you are using the correct ammunition for your firearm.
- Store ammunition in a cool, dry place away from direct sunlight and moisture.
- Keep ammunition out of reach of children and unauthorized users.
- Inspect brass casings for damage or defects before use.
- Follow all local laws and regulations regarding the use of firearms and ammunition.
- Report any unsafe products or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform regularly.

Specific Safety Precautions for Use

- Use only in firearms that are specifically chambered for the 6MM BR Norma cartridge.
- Wear appropriate eye and ear protection while shooting.
- Do not attempt to modify or alter the brass casings.
- Avoid using damaged or deformed brass casings, as they may cause malfunctions or accidents.
- Ensure your shooting area is clear of obstructions and that you have a proper backstop.
- Be aware of your surroundings and ensure that no one is in the line of fire.

Instructions for Installation and Usage

- **Preparation:**
 - Inspect your firearm to ensure it is in good working condition.
 - Clean the barrel and action of your firearm before use.
- **Loading the Ammunition:**
 - Carefully insert the 6MM BR Norma brass into the magazine or chamber of your firearm.
 - Ensure that the brass is seated properly to avoid misfires.
- **Firing:**
 - Aim your firearm safely downrange.
 - Follow standard shooting practices and procedures.
 - After firing, check the casing for any signs of damage or deformation.
- **PostUse:**
 - After shooting, clean your firearm according to the manufacturer's instructions.
 - Store any remaining ammunition in a secure location.

Disposal Instructions

- Dispose of used brass casings in accordance with local regulations.
- Do not dispose of brass casings in regular household waste.
- Consider recycling used brass casings at designated facilities or programs.

Contact Information for Further Support

For any questions or concerns regarding the safety and use of the 6MM BR Norma Brass, please reach out to the appropriate support channels available in your region. Always prioritize safety and compliance with local laws and regulations.

Thank you for your attention to these safety guidelines. Enjoy your shooting experience responsibly!
