

6.5X47 LAPUA BRASS - PETERSON CARTRIDGE 6.5X47 LAPUA BRASS 50/BOX

[Reloading](#) > [Brass](#) > [Rifle Brass](#)

The 6.5x47 Lapua is a caliber used by top shooters around the world. But the 6.5x47 is also a great caliber for less experienced shooters, because it is an easy caliber to develop accurate loads for. Handloaders often talk about “accuracy nodes” which refers to how broad the powder charge can range and still produce consistently accurate shots. Some calibers have very small accuracy nodes. Also, with some calibers the frequency of those nodes is a lot less. But the 6.5x47 Lapua caliber has a large number of accuracy nodes and those nodes cover a broad range. We know of one 6.5x47 shooter who put over 3,000 rounds through the same barrel, and even with that amount of throat wear is still shooting sub-MOA at 1,000 yards with the same load.

Attributes

- Name: [PETERSON CARTRIDGE 6.5X47 LAPUA BRASS 50/BOX](#)
- Manufacturer: [PETERSON CARTRIDGE](#)
- Product no.: 749019304

Safety Instruction Guide for 6.5X47 LAPUA BRASS PETERSON CARTRIDGE

Introduction

Thank you for choosing the 6.5X47 Lapua Brass Peterson Cartridge. This guide provides important safety information to ensure the safe use of this product. Please read this document carefully before handling or using the cartridges.

General Safety Guidelines

- Ensure that you are familiar with the safety regulations and laws regarding ammunition in your area.
- Always store cartridges in a cool, dry place, away from direct sunlight and moisture.
- Keep cartridges out of reach of children and unauthorized persons.
- Inspect cartridges for any visible damage before use. Do not use damaged cartridges.
- Use appropriate personal protective equipment (PPE), such as safety glasses and hearing protection, when shooting.
- Be aware of your surroundings and ensure a safe shooting environment.

Specific Safety Precautions for Use

- Only use the cartridges in firearms that are specifically chambered for the 6.5X47 Lapua caliber.
- Follow the manufacturer's guidelines for your firearm regarding cartridge specifications and loading.
- Do not exceed recommended powder charges when handloading ammunition.
- Always check that the firearm is unloaded before inserting or removing cartridges.
- Never point a firearm at anything you do not intend to shoot.
- Be cautious of potential ricochets when shooting in areas with hard surfaces.

Instructions for Installation and Usage

- Ensure that you are using a compatible firearm chambered for 6.5X47 Lapua.
- Load the cartridges according to the firearm's manual:
 - Open the action of the firearm.
 - Insert the cartridges into the magazine or chamber as specified by the manufacturer.
 - Close the action securely.
- When ready to shoot:
 - Assume a stable shooting position.
 - Aim at the target, ensuring a clear line of sight.
 - Squeeze the trigger gently to fire.
- After shooting, always check the firearm for any signs of malfunction or blockage.

Disposal Instructions

- Dispose of any unused or expired cartridges according to local regulations.
- Do not throw cartridges in regular trash. Contact local authorities for proper disposal methods.
- Ensure that spent cartridges are disposed of safely to prevent environmental contamination.

Contact Information for Further Support

For any safety inquiries or concerns regarding the 6.5X47 Lapua Brass Peterson Cartridge, please consult the appropriate local authorities or contact the manufacturer directly.

By following these guidelines, you can help ensure a safe and enjoyable experience with the 6.5X47 Lapua

Brass Peterson Cartridge. Thank you for prioritizing safety!
