

# 350 LEGEND BRASS - STARLINE 350 LEGEND BRASS CASE 100/BAG

[Reloading](#) > [Brass](#) > [Rifle Brass](#)

Starline Brass has added another rifle caliber, the .350 Legend to their growing line-up of high-quality rifle brass. Starline's new .350 Legend rifle brass is produced with the same demanding quality control standards for which Starline has become known. Introduced by Winchester and approved by SAAMI in January of 2019, the .350 Legend is a brand new cartridge that has no parent case. This tapered case has a rebated rim allowing it to utilize the standard .223 bolt face found on many common rifles including the AR-15. Like many other AR cartridges, the .350 Legend only requires changing the barrel and magazine. This cartridges allure is that it can be used for hunting in several states that allow straightwall rifle cartridges only, but doesn't have near the recoil of other AR cartridges that fill this niche. Utilizing .355" diameter bullets, the .350 Legend is capable of impressive ballistics, without a lot of recoil.

# Safety Instruction Guide for 350 Legend Brass

## Starline 350 Legend Brass Case 100/BAG

### Introduction

Thank you for choosing the 350 Legend Brass Starline 350 Legend Brass Case. This guide provides essential safety instructions and guidelines to ensure safe use of the product. Please read and follow all instructions carefully to minimize risks and ensure a safe experience.

### General Safety Guidelines

- Always handle brass cases with care to prevent injury.
- Store brass cases in a cool, dry place away from direct sunlight and moisture.
- Keep brass cases out of reach of children and pets to avoid accidental ingestion or misuse.
- Inspect brass cases before use for any signs of damage or defects.
- Follow all local laws and regulations regarding the use of rifle cartridges and ammunition.

### Specific Safety Precautions for Use

- Ensure that the firearm you are using is compatible with .350 Legend cartridges.
- Always wear appropriate eye and ear protection when shooting.
- Do not exceed the recommended load specifications for the .350 Legend cartridge.
- Avoid using damaged or deformed brass cases, as they may cause malfunctions or accidents.
- Use only .355" diameter bullets designed for the .350 Legend cartridge.
- Be aware of your surroundings and ensure a safe shooting environment.

### Instructions for Installation and Usage

#### 1. Preparation:

- Ensure that your firearm is unloaded and pointed in a safe direction.
- Gather all necessary equipment, including the brass cases, bullets, powder, and reloading tools.

#### 2. Reloading Process:

- Carefully insert the bullet into the brass case, ensuring it is seated properly.
- Add the appropriate amount of powder according to your reloading manual.
- Crimp the case mouth if necessary to secure the bullet in place.

#### 3. Loading into Firearm:

- Load the completed cartridges into the magazine of your firearm.
- Ensure that the firearm is in a safe condition before chambering a round.

#### 4. Shooting:

- Follow all safety protocols while shooting.
- Be mindful of the recoil and ensure proper stance and grip.

### Disposal Instructions

- Dispose of any damaged or unusable brass cases in accordance with local regulations.
- Do not throw brass cases in regular trash; check for recycling options in your area.

- Ensure that any spent cartridges are disposed of safely to prevent environmental harm.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding the 350 Legend Brass, please refer to your local retailer or the manufacturer's website for additional information and support.

By following these guidelines, you can ensure a safe and enjoyable experience with the 350 Legend Brass Starline 350 Legend Brass Case. Thank you for your attention to safety.
