# Safety Instruction Guide for 1" Scope Ring

## Introduction

Thank you for purchasing the 1" Scope Ring. This guide provides essential safety instructions to ensure proper use and installation of your product. Please read and follow these guidelines carefully to ensure your safety and the safe operation of your firearm.

## General Safety Guidelines

- Always treat firearms and related accessories as if they are loaded.
- Ensure that the firearm is pointed in a safe direction at all times.
- Keep the firearm out of the reach of children and unauthorized users.
- Inspect the scope ring and firearm for any signs of damage before use.
- Follow all local laws and regulations regarding firearm usage and accessories.
- Report any unsafe products or accidents to the relevant authorities immediately.
- Stay informed about recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Ensure that the scope ring is compatible with your firearm model before installation.
- Do not exceed the recommended height specifications for your scope ring.
- Use only the designated rings for specific models as outlined in the product specifications.
- Avoid overtightening screws during installation, as this may damage the scope or ring.
- If using an offset ring, ensure it is installed correctly to maintain proper eye relief.
- Always check the alignment of the scope after installation to ensure it is secure and functioning correctly.

## Instructions for Installation and Usage

### 1. Preparation

- Gather all necessary tools for installation, including a screwdriver and any other required items.
- Ensure that your firearm is unloaded and in a safe condition before proceeding.

### 2. Installation Steps

- Locate the mounting base on your firearm where the scope ring will be installed.
- Position the scope ring onto the mounting base, ensuring it is aligned properly.
- Insert and handtighten the screws to hold the ring in place.
- Using a screwdriver, tighten the screws to secure the ring. Do not overtighten.
- If using an offset ring, follow the specific instructions for placement to achieve the desired eye relief.

### 3. Scope Alignment

- Once the rings are installed, place the scope within the rings.
- Adjust the scope to ensure it is level and aligned with the firearm's barrel.
- Secure the scope by tightening the ring screws gently, ensuring the scope does not shift.

### 4. Final Check

- After installation, doublecheck all screws and fittings.
- Conduct a function check to ensure the scope and rings are secure before use.

## **Disposal Instructions**

- Dispose of any packaging materials in accordance with local waste disposal regulations.
- If the scope ring becomes damaged or is no longer usable, dispose of it in a manner that prevents it from causing harm to the environment or others.

## **Contact Information for Further Support**

For any safety inquiries or further assistance regarding the 1" Scope Ring, please refer to the manufacturer's contact information provided with your product documentation.

By following these guidelines, you can ensure the safe and effective use of your 1" Scope Ring. Thank you for your attention to safety, and enjoy your shooting experience!
