TRIGGER SPRING Safety Instruction Guide

Introduction

Thank you for purchasing the TRIGGER SPRING designed for various Ruger models, including Bisley™ and New Model Blackhawk®. This guide provides essential safety instructions to ensure the safe use and handling of the product, in compliance with the EU General Product Safety Regulation (GPSR). Please read this manual carefully before installation and use.

General Safety Guidelines

To ensure safe usage of the TRIGGER SPRING, please follow these general safety guidelines:

- Always handle firearms and firearm components with care.
- Ensure that the firearm is unloaded before attempting any installation or adjustments.
- Store all firearm components out of reach of children and unauthorized users.
- Be aware of your surroundings when handling firearms to prevent accidents.
- Regularly inspect your firearm and its components for signs of wear or damage.
- Only use replacement parts that are specifically designed for your firearm model.
- Follow all local laws and regulations regarding firearm usage and modifications.

Specific Safety Precautions for Use

When using the TRIGGER SPRING, please adhere to the following safety precautions:

- Ensure that the TRIGGER SPRING is compatible with your specific firearm model.
- Do not attempt to modify the TRIGGER SPRING beyond its intended use.
- Wear appropriate safety gear, including eye protection, when handling or installing the TRIGGER SPRING.
- Avoid using the firearm in wet or damp conditions, as this may affect the performance of the TRIGGER SPRING.
- If you notice any abnormal function or performance issues, cease use immediately and consult a qualified gunsmith.

Instructions for Installation and Usage

To properly install and use the TRIGGER SPRING, follow these instructions:

1. Preparation

- Ensure the firearm is completely unloaded.
- Gather necessary tools, including a screwdriver and any other tools specified in the firearm's manual.

2. Installation Steps

- Remove the grip and any components blocking access to the trigger assembly.
- Carefully remove the old trigger spring, taking note of its orientation and position.
- Install the new TRIGGER SPRING in the same position and orientation as the old spring.
- Reassemble the trigger assembly and grip, ensuring all parts are securely fastened.

3. PostInstallation Check

- Perform a function check to ensure the trigger operates smoothly and safely.
- Store the firearm in a secure location after installation.

Disposal Instructions

When disposing of the TRIGGER SPRING or any firearm components, please observe the following guidelines:

- Do not dispose of the TRIGGER SPRING in regular household waste.
- Contact local authorities or a licensed waste disposal facility for guidance on proper disposal methods.
- Ensure that all components are disposed of in a manner that prevents access by children or unauthorized individuals.

Contact Information for Further Support

For any safety inquiries or concerns regarding the TRIGGER SPRING, please refer to the product packaging or your retailer for the appropriate contact information. It is essential to have access to support for any issues that may arise.

Conclusion

By following the guidelines and instructions provided in this safety instruction guide, you can ensure the safe and effective use of the TRIGGER SPRING. Always prioritize safety and compliance with local laws when handling firearms and their components. Thank you for your attention to these important safety measures.
