

M16 CHROME MATCH BOLT CARRIER ASSEMBLY - SMITH ENTERPRISE M16 MATCH BOLT CARRIER W/KEY

[Rifle Parts](#) > [Bolt Parts](#) > [Bolt Carrier Parts](#) > [Bolt Carriers](#)

True, match-spec bolt carriers increase cycling efficiency for greater dependability and less chance of malfunction. Machined to military specs, hardened and heat treated, then hard-chrome plated for a much lower coefficient of friction between the upper receiver and carrier. Inside surfaces of bolt recess are polished and also hard-chromed for a better gas seal and less carbon build-up. Includes hard-chromed gas key and stainless steel screws.

Attributes

- Name: [SMITH ENTERPRISE M16 MATCH BOLT CARRIER W/KEY](#)

M16 Chrome Match Bolt Carrier Assembly Safety Instructions

Introduction

Thank you for choosing the M16 Chrome Match Bolt Carrier Assembly by Smith Enterprise. This product is designed to enhance the performance of your firearm while ensuring safety during use. Please read this safety instruction guide carefully to understand how to use, install, and dispose of this product safely and in compliance with EU regulations.

General Safety Guidelines

- Always handle firearms with care and respect.
- Ensure that the firearm is unloaded before installing or handling the bolt carrier assembly.
- Use protective eyewear when working with firearms to prevent injury.
- Store the assembly in a secure location, out of reach of children and unauthorized users.
- Regularly inspect the bolt carrier assembly for signs of wear or damage.
- Follow all local laws and regulations regarding firearm use and modifications.

Specific Safety Precautions for Use

- Ensure that the bolt carrier assembly is compatible with your firearm model before installation.
- Do not use the bolt carrier assembly with ammunition that exceeds the specified cartridge type (5.56 mm NATO).
- Avoid exposing the assembly to extreme temperatures or harsh chemicals that may affect its integrity.
- Never attempt to modify or alter the bolt carrier assembly in any way.
- In case of a malfunction, cease use immediately and consult a qualified gunsmith.

Instructions for Installation and Usage

1. Preparation

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather necessary tools, including a torque wrench and appropriate screwdrivers.

2. Installation

- Remove the existing bolt carrier assembly from the firearm.
- Carefully insert the M16 Chrome Match Bolt Carrier Assembly into the upper receiver.
- Align the gas key with the gas tube and ensure a proper fit.
- Secure the assembly using the included stainless steel screws, tightening them to the manufacturer's specifications.

3. Usage

- Load the firearm with the appropriate ammunition (5.56 mm NATO).
- Perform a function check to ensure the bolt carrier assembly operates correctly.
- Fire the firearm in a safe environment, following all standard safety protocols.

4. PostUse Care

- Clean the bolt carrier assembly regularly to prevent carbon buildup.
- Inspect for any signs of wear or damage after each use.

Disposal Instructions

- Dispose of the bolt carrier assembly in accordance with local regulations.
- Do not dispose of the assembly in regular household waste.
- Contact a local recycling center or hazardous waste facility for proper disposal methods.

Contact Information for Further Support

For any safety inquiries or concerns regarding the M16 Chrome Match Bolt Carrier Assembly, please contact the manufacturer or your local firearms dealer. It is important to have access to support for any questions or issues that may arise during the use of this product.

By following these safety instructions, you can ensure the safe and effective use of the M16 Chrome Match Bolt Carrier Assembly. Always prioritize safety and responsibility when handling firearms.
