

# SCOPE RING TORQUE WRENCH - 25IN/LB T-15 SCOPE RING TORQUE WRENCH

[Gunsmith Tools & Supplies](#) > [General Gunsmith Tools](#) > [Wrenches](#) > [General Wrenches](#)

## Helps Prevent Dented & Damaged Scopes

Puts an end to the “How tight do I make it” question. Helps prevent over-torque damage to your favorite scope. Break away torque wrench is pre-set and will not tighten T15 Torx screws tighter than 25 in. lbs., which is the maximum recommended by most scope and scope ring manufacturers. T-handle design is conveniently shaped to comfortably fit in the palm of your hand; simply engage the tip to the Torx screw, and tighten until the wrench “breaks away.”

## Attributes

- Name: [25IN/LB T-15 SCOPE RING TORQUE WRENCH](#)

# SCOPE RING TORQUE WRENCH 25IN/LB T15 Safety Instruction Guide

## Introduction

Thank you for choosing the SCOPE RING TORQUE WRENCH 25IN/LB T15. This tool is designed to help you securely fasten T15 Torx screws without the risk of overtorquing, ensuring the safety and longevity of your scope. Please read this safety instruction guide carefully to ensure safe and effective use.

## General Safety Guidelines

- Always read and follow the manufacturer's instructions before using the product.
- Ensure that the torque wrench is used only for its intended purpose.
- Keep the tool out of reach of children and unauthorized users.
- Regularly inspect the torque wrench for any signs of damage or wear before each use.
- If the wrench is damaged, discontinue use immediately and replace it.
- Store the tool in a dry, clean place when not in use to prevent corrosion or damage.

## Specific Safety Precautions for Use

- Use the torque wrench only for T15 Torx screws. Using it for other screw types may lead to inaccurate torque application.
- Do not exceed the maximum torque setting of 25 in. lbs. to avoid damaging your scope.
- Ensure your hands are dry and clean before handling the tool to maintain a secure grip.
- Avoid using excessive force when tightening screws; let the wrench do the work.
- If you feel resistance while tightening, stop and check the screw for proper alignment before proceeding.
- Always ensure that the wrench is properly engaged with the screw head to prevent slipping.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure you have the correct T15 Torx screws and the scope ready for installation.
- Identify the screws that need to be tightened.

### 2. Using the Torque Wrench:

- Hold the torque wrench by the Thandle, ensuring a comfortable grip.
- Align the tip of the wrench with the T15 Torx screw.
- Apply gentle pressure and turn the wrench in a clockwise direction.
- Continue tightening until you hear or feel the wrench "break away," indicating that the maximum torque has been reached.

### 3. PostUsage Care:

- After use, clean the torque wrench with a soft cloth to remove any debris or moisture.
- Store the wrench in its designated place to keep it safe and ready for the next use.

## Disposal Instructions

- Dispose of the torque wrench in accordance with local regulations.
- If the wrench is damaged or no longer usable, consider recycling metal components where possible.
- Do not dispose of the wrench in regular household waste if it can be recycled.

## **Contact Information for Further Support**

For any inquiries regarding safety or product issues, please contact the manufacturer or your local distributor. Ensure to have your product information ready for assistance.

By following these safety guidelines and instructions, you can ensure the safe and effective use of the SCOPE RING TORQUE WRENCH 25IN/LB T15. Remember to always prioritize safety and to report any unsafe products or practices to the appropriate authorities. Thank you for your attention to safety.
