

# LR-SKEL EXTENDED SKELETONIZED MSR MOUNTS - WARNE MFG. COMPANY 34MM ULTRA HIGH (1.435") 20 MOA MOUNT, TACTICAL GRAY

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Mount Sets](#)

The LR-SKEL Mount offers 20 MOA built-in slope for long range precision shooting. This allows additional elevation adjustment in your optic when shooting ranges over 600 yards. The LR-SKEL Mount is CNC precision machined from 6061 aluminum and Warne has been able to reduce the weight by over 30%, compared to our R.A.M.P. Mount by utilizing a skeletonized body and ring caps. The LR-SKEL provides an additional inch of forward cantilever, compared to the original SKEL Mount to provide proper eye relief when using scopes with large eye boxes and gives extra space behind the mount for accessories like the Warne A645 45° side mount adapter.

## Attributes

- Name: [WARNE MFG. COMPANY 34MM ULTRA HIGH \(1.435"\) 20 MOA MOUNT, TACTICAL GRAY](#)
- Manufacturer: [WARNE MFG. COMPANY](#)
- Product no.: 947000375
- Mfr. No.: LRSKEL34TG
- Finish: Tactical Gray
- Scope Tube Diameter: 34mm
- Style: Competition,3-Gun
- Delivery weight: 0.263kg
- UPC: 656813105199

# LRSKEL Extended Skeletonized MSR Mounts

## Safety Instruction Guide

### Introduction

Thank you for choosing the LRSKEL Extended Skeletonized MSR Mount from Warne Mfg. Company. This guide provides essential safety information and usage instructions to ensure the safe and effective use of your mount. Please read this document thoroughly before installation and use.

### General Safety Guidelines

- Ensure that all components are intact and free from damage before use.
- Always follow the instructions provided in this guide to minimize risks.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe conditions or accidents to the relevant authorities.
- Regularly check for updates or recalls on the EU's Safety Gate platform.

### Specific Safety Precautions for Use

- **Weight Considerations:** The LRSKEL Mount is lightweight, but ensure your firearm can support the mount and any additional accessories without compromising safety.
- **Proper Installation:** Always install the mount according to the instructions to prevent accidents during use.
- **Eye Relief:** Ensure proper eye relief when using scopes with large eye boxes to avoid eye strain or injury.
- **Accessory Compatibility:** When using accessories such as side mount adapters, ensure they are securely attached and compatible with the LRSKEL Mount.
- **Regular Inspection:** Periodically inspect the mount for any signs of wear or damage, especially after extensive use.

### Instructions for Installation and Usage

#### 1. Preparation:

- Gather all necessary tools and components needed for installation.
- Ensure that the firearm is unloaded and in a safe condition before starting the installation.

#### 2. Installation Steps:

- Align the LRSKEL Mount with the appropriate mounting points on your firearm.
- Secure the mount using the provided screws, ensuring they are tightened to the manufacturer's specifications.
- If using a scope, attach it to the mount, ensuring it is positioned for optimal eye relief.

#### 3. Usage:

- When using the firearm equipped with the LRSKEL Mount, always wear appropriate eye and ear protection.
- Familiarize yourself with the mount's features and ensure that the scope is properly zeroed for accurate shooting.

#### 4. PostUse Care:

- After use, clean the mount and firearm to prevent corrosion and maintain functionality.
- Store the mount in a safe, dry place when not in use.

## **Disposal Instructions**

- Dispose of the product and packaging in accordance with local regulations.
- Recycle materials where possible to minimize environmental impact.
- Do not dispose of the mount in general household waste.

## **Contact Information for Further Support**

For further support and inquiries regarding the LRSKEL Extended Skeletonized MSR Mount, please refer to the manufacturer's contact information provided with your product packaging.
