

# **BROWNING X-BOLT LONG ACTION MOUNTAIN TECH TACTICAL RAIL - WARNE MFG. COMPANY BROWNING X-BOLT LONG ACTION TACTICAL RAIL 20 MOA**

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

Ensuring that your first shot is the perfect hit on your next hunt requires having top-notch equipment designed to hold zero and stand up to the rough conditions in the field. Luckily, the Warne Mountain Tech Tactical Rail is purpose-built to provide owners of the popular Browning X-Bolt long-action rifle with the optics base they need to ensure a solid mounting point on their gun. The rail is machined from 7075-T6 aluminum that's both lightweight and strong. The base features a matte-black finish and is compatible with Picatinny-style rings.

# Safety Instruction Guide for BROWNING XBOLT LONG ACTION MOUNTAIN TECH TACTICAL RAIL

## Introduction

Thank you for choosing the Browning Xbolt Long Action Mountain Tech Tactical Rail by Warne Mfg. Company. This product is designed to enhance your shooting experience by providing a stable mounting point for optics on your Browning Xbolt longaction rifle. To ensure safe and effective use of this product, please read and follow the safety guidelines and instructions outlined in this guide.

## General Safety Guidelines

- Always ensure that the rifle is unloaded before installing or adjusting the tactical rail.
- Use the tactical rail only with compatible Picatinny-style rings and optics.
- Regularly inspect the tactical rail and mounting hardware for signs of wear or damage.
- Store the rifle and tactical rail in a secure location, out of reach of children and unauthorized users.
- Report any unsafe products or incidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Ensure that the tactical rail is properly secured to the rifle before use to prevent any movement during firing.
- Do not exceed the manufacturer's recommended weight limit for optics mounted on the tactical rail.
- Avoid exposing the tactical rail to extreme environmental conditions that may affect its integrity, such as excessive moisture or extreme temperatures.
- Always follow the manufacturer's guidelines for the installation of optics to ensure proper alignment and safety.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools, including a torque wrench, if required.
- Ensure the rifle is unloaded and in a safe position.

### 2. Installation:

- Align the tactical rail with the mounting holes on the receiver of the rifle.
- Secure the rail using the provided screws, ensuring they are tightened to the manufacturer's specifications.
- Use a torque wrench if specified to avoid overtightening, which can damage the rail or the rifle.

### 3. Mounting Optics:

- Select compatible Picatinny-style rings for your optics.
- Place the optics in the rings and secure according to the manufacturer's instructions.
- Check the alignment of the optics to ensure proper sighting.

### 4. Final Checks:

- Inspect the installation to ensure all components are secure.
- Conduct a function check of the rifle to ensure that it operates correctly with the new rail and optics.

## Disposal Instructions

- Dispose of the tactical rail and any packaging materials in accordance with local regulations.
- Do not dispose of the product in household waste. Instead, seek out recycling programs or designated disposal facilities for metal and plastic components.

## Contact Information for Further Support

For any safety inquiries, product support, or to report an unsafe product, please reach out to the manufacturer's customer service or your local regulatory authority. Ensure you have the product details ready for assistance.

Thank you for your attention to these safety guidelines. By following these instructions, you can ensure a safe and enjoyable shooting experience with your Browning X-Bolt Long Action Mountain Tech Tactical Rail.
