

LR-SKEL EXTENDED SKELETONIZED MSR MOUNTS - 34MM ULTRA HIGH (1.435") 0 MOA MOUNT, TACTICAL GRAY

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Mount Sets](#)

The LR-SKEL Mount offers 20 MOA built-in slope for long range precision shooting. This allows additional elevation adjustment in your optic when shooting ranges over 600 yards. The LR-SKEL Mount is CNC precision machined from 6061 aluminum and Warne has been able to reduce the weight by over 30%, compared to our R.A.M.P. Mount by utilizing a skeletonized body and ring caps. The LR-SKEL provides an additional inch of forward cantilever, compared to the original SKEL Mount to provide proper eye relief when using scopes with large eye boxes and gives extra space behind the mount for accessories like the Warne A645 45° side mount adapter.

Attributes

- Name: [34MM ULTRA HIGH \(1.435"\) 0 MOA MOUNT, TACTICAL GRAY](#)
- Manufacturer: [WARNE MFG. COMPANY](#)
- Product no.: 947000639

Safety Instruction Guide for LRSKEL Extended Skeletonized MSR Mounts

Introduction

Thank you for choosing the LRSKEL Extended Skeletonized MSR Mount. This guide provides essential safety instructions to ensure the safe use of this product. Please read this guide carefully before installation and use to minimize risks and ensure compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure the mount is compatible with your firearm and optic before installation.
- Always handle firearms and related accessories with care and follow all safety protocols.
- Inspect the mount for any visible damage or defects before use.
- Use the mount only for its intended purpose as specified in the product documentation.
- Keep the mount out of reach of children and vulnerable individuals.
- Report any unsafe products or accidents to the appropriate authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Do not exceed the manufacturer's recommended weight limits for the mount.
- Ensure that all screws and attachments are securely tightened before use.
- Avoid using the mount in extreme environmental conditions unless specified.
- Do not modify the mount in any way, as this may compromise safety.
- Always wear appropriate eye protection when using firearms equipped with this mount.

Instructions for Installation and Usage

1. Installation Steps:

- Ensure your firearm is unloaded and safe before beginning installation.
- Select a suitable location on your firearm for the mount.
- Align the mount with the mounting points on your firearm.
- Secure the mount by tightening all screws using the appropriate tools.
- Verify that the mount is firmly attached and does not move.

2. Usage Guidelines:

- When using the optic mounted on the LRSKEL, ensure proper eye relief for optimal viewing.
- Adjust the elevation settings on your optic as needed, especially when shooting at long distances.
- Regularly check the mount and optic for stability and alignment during use.
- If you experience any issues, cease use immediately and inspect the mount.

Disposal Instructions

- Dispose of the mount responsibly according to local regulations.
- If the mount is damaged beyond repair, consider recycling the aluminum components where facilities exist.
- Do not dispose of the mount in regular household waste.

Contact Information for Further Support

For any inquiries regarding safety or product support, please refer to the manufacturer's contact information provided on the product packaging or official website.

By following these guidelines, you can ensure the safe and effective use of your LRSKEL Extended Skeletonized MSR Mount. Thank you for prioritizing safety and compliance.
