# Safety Instruction Guide for MARLIN REDUCED POWER HAMMER & FINGER LEVER SPRING KIT

## Introduction

Thank you for choosing the MARLIN REDUCED POWER HAMMER & FINGER LEVER SPRING KIT by WOLFF. This product is designed to enhance your shooting experience by lowering the trigger pull and closing effort of the lever. However, it is important to follow safety guidelines to ensure safe and effective use. This guide provides essential safety information, usage instructions, and disposal guidelines to help you use this product responsibly.

## General Safety Guidelines

- Always handle firearms and related components with care and respect.
- Ensure that the firearm is unloaded before installing or handling any parts.
- Use the product only as specified in this guide.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the product for wear or damage and replace parts as necessary.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about product recalls and safety updates through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- **Potential Hazards:**

- Improper installation can lead to malfunction of the firearm.
- Excessive force during installation may cause damage to the spring or firearm.
- Failure to follow instructions can result in safety risks.

- **Avoiding Hazards:**

- Read all instructions carefully before installation and use.
- Use appropriate tools for installation to avoid damage.
- Ensure that all components are compatible with your specific Marlin model (39A, 1894, 1895, 336, and 444).
- Do not modify the springs or any parts of the kit.

- **Age Specific Warnings:**

- This product is intended for adult use only. Keep it away from children.
- Ensure that anyone using the firearm is knowledgeable about firearm safety.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure that the firearm is completely unloaded.
- Gather necessary tools, including a screwdriver and any specific tools recommended for your firearm model.

### 2. Installation:

- Remove the existing hammer spring and finger lever spring from your Marlin firearm.
- Carefully install the straight body reduced power hammer spring in place of the original hammer spring.
- Install the reduced power finger lever plunger spring in place of the original finger lever spring.
- Ensure all springs are seated properly and securely.

### 3. **Testing:**

- After installation, conduct a function check to ensure that the firearm operates correctly.
- Test the trigger pull and lever action to confirm that the springs are functioning as intended.

### 4. **Usage:**

- Use the firearm in accordance with manufacturer guidelines and local laws.
- Always prioritize safety when handling and operating firearms.

## **Disposal Instructions**

- Dispose of any old springs and components in accordance with local regulations.
- Do not dispose of springs in regular household waste; check for specific recycling or hazardous waste guidelines in your area.
- Ensure that all components are out of reach of children and pets during disposal.

## **Contact Information for Further Support**

For any questions or concerns regarding the MARLIN REDUCED POWER HAMMER & FINGER LEVER SPRING KIT, please refer to the product packaging or your retailer for contact information. For safety inquiries, you may also reach out to the appropriate EU contact point.

Thank you for prioritizing safety and responsible use of your product. Enjoy your enhanced shooting experience with the MARLIN REDUCED POWER HAMMER & FINGER LEVER SPRING KIT!
