

E-Max Low Profile Electronic Hearing Protection - E-Max Lo Pro Elec Muff w/Shooting Glasses

The Caldwell Low Profile E-Max Electronic Earmuffs combine great circuitry with a low-profile ear cup that is ideal for shotgun shooters and action shooters. The two microphones in the E-Max amplify sounds below 85 decibels, which amplifies normal communication, range commands and environmental sounds. Above 85 decibels, the microphones shut off to protect the shooter's hearing. Ear cup width is 1.75 inches and two AAA batteries are required but not included. Enabled with one stereo microphone in each cup, the user can localize sound from all directions.

Caldwell EMax Low Profile Electronic Hearing Protection Safety Instructions

Introduction

Thank you for choosing the Caldwell EMax Low Profile Electronic Hearing Protection. This product is designed to provide effective hearing protection while allowing you to communicate and hear important sounds in your environment. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Ensure that the product is used in accordance with the manufacturer's instructions.
- Regularly inspect the earmuffs for any signs of damage or wear.
- Do not use the product if it is damaged or malfunctioning.
- Keep the earmuffs out of reach of children when not in use.
- Follow all safety guidelines when using firearms or participating in shooting activities.
- Be aware of your surroundings and any potential hazards when using this product.
- Report any unsafe products or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- The EMax earmuffs are designed to protect your hearing from loud noises above 85 decibels. Ensure that you do not expose yourself to sounds above this level without using the earmuffs.
- Avoid using the earmuffs in situations where you may need to hear important sounds, such as alarms or approaching vehicles, as they may limit your ability to hear these sounds.
- Do not modify or tamper with the earmuffs in any way.
- Use only the recommended type and size of batteries (two AAA batteries, not included) to ensure proper functioning.
- Ensure a proper fit of the earmuffs over your ears for maximum protection.

Instructions for Installation and Usage

1. Battery Installation:

- Open the battery compartment located on the earmuffs.
- Insert two AAA batteries, ensuring that the positive (+) and negative (-) ends are correctly aligned.
- Close the battery compartment securely.

2. Wearing the Earmuffs:

- Place the earmuffs over your ears, ensuring that they fit snugly and comfortably.
- Adjust the headband for a secure fit, making sure the earmuffs do not slip off during use.

3. Using the Earmuffs:

- Turn on the earmuffs using the power switch.
- The microphones will amplify sounds below 85 decibels, allowing for communication and environmental awareness.
- If sounds exceed 85 decibels, the microphones will automatically shut off to protect your hearing.

4. PostUse Care:

- After use, remove the earmuffs and store them in a dry, cool place.

- Clean the earmuffs with a soft cloth to remove any dirt or moisture.

Disposal Instructions

- Dispose of the earmuffs in accordance with local regulations for electronic waste.
- Remove batteries before disposal and recycle them according to local battery recycling guidelines.
- Do not dispose of the earmuffs in regular household waste.

Contact Information for Further Support
