

Electric Fillet Knives - Electric Fillet Knife Blade, 9"

[Emergency & Survival Gear](#) > [Knives](#)

This 9" E-STIFF replacement Blade fits both our 110V Electric Fillet Knife and Cordless Lithium Ion Electric Fillet Knife. It's made of a High Carbon Stainless Steel and chemically bonded with a ti-nitride coating to be extremely corrosion resistant. The 9" blade serrated edge and apposing bidirectional blades make filleting medium to large size fish effortlessly.

BUBBA Electric Fillet Knife Safety Instructions

Introduction

Thank you for choosing the BUBBA Electric Fillet Knife. This guide provides important safety instructions and guidelines to ensure safe and effective use of your knife. Please read this document carefully before using the product.

General Safety Guidelines

- Always use the knife in accordance with the manufacturer's instructions.
- Keep the knife out of reach of children and vulnerable individuals.
- Inspect the knife for any damage or wear before each use.
- Do not use the knife if it is damaged or malfunctioning.
- Ensure that the knife is used in a safe environment, free from distractions and hazards.
- Always unplug the knife when not in use or when changing blades.
- Follow all local regulations regarding the use of electric knives.

Specific Safety Precautions for Use

• Electrical Safety:

- Only use the knife with the specified voltage (110V).
- Ensure that the power cord is intact and free from damage.
- Do not operate the knife with wet hands or in wet environments.

• Blade Safety:

- Handle the blades with care to avoid cuts and injuries.
- Always use the protective sheath when the blade is not in use.
- Do not attempt to sharpen the blade manually; use only manufacturer-recommended methods.

• Operational Safety:

- Always cut away from your body to avoid accidental injury.
- Do not force the knife through tough materials; let the blade do the work.
- Use the knife only for its intended purpose—filleting fish.

Instructions for Installation and Usage

1. Installation:

- Unbox the knife and check all components.
- Ensure that the blade is securely attached before use.
- Plug the knife into a suitable electrical outlet.

2. Usage:

- Hold the knife firmly by the handle.
- Position the fish on a stable cutting surface.
- Turn on the knife using the power switch.
- Begin filleting by gently guiding the blade through the flesh of the fish.
- Use the serrated edge for better control and ease of cutting.
- Once finished, turn off the knife and unplug it from the outlet.

3. Maintenance:

- Clean the blade after each use with warm, soapy water.
- Dry the blade thoroughly before storing.
- Store the knife in a dry place, preferably in its protective sheath.

Disposal Instructions

- Dispose of the knife and its components in accordance with local regulations.
- Do not dispose of electrical components with regular household waste.
- Contact your local waste management facility for proper disposal methods.

Contact Information for Further Support

For any safety inquiries, concerns, or to report unsafe products, please contact your local consumer safety authority or visit the EU Safety Gate platform for updates on recalls and safety alerts.

Please ensure you follow these safety guidelines to enjoy a safe and efficient experience with your BUBBA Electric Fillet Knife.
