

Electric Fillet Knives - Electric Fillet Knife Blade, 12"

[Emergency & Survival Gear](#) > [Knives](#)

This 12" E-STIFF replacement Blade fits both our 110V Electric Fillet Knife and Cordless Lithium Ion Electric Fillet Knife. It's made of a High Carbon Stainless Steel and chemically bonded with a ti-nitride coating to be extremely corrosion resistant. The 12" blade serrated edge and apposing bidirectional blades make filleting medium to large size fish effortlessly.

BUBBA Electric Fillet Knife Safety Instruction Guide

Introduction

Thank you for choosing the BUBBA Electric Fillet Knife. This guide provides important safety instructions to ensure the safe use of your 12" ESTIFF replacement blade. Please read this guide carefully to avoid any potential hazards and to ensure a safe and enjoyable experience while using the product.

General Safety Guidelines

- Always ensure that the knife is unplugged when not in use or when changing blades.
- Keep the knife out of reach of children and vulnerable individuals.
- Avoid using the knife in wet conditions or with wet hands to prevent electric shock.
- Regularly inspect the knife for any signs of damage or wear before use.
- Do not use the knife for any purpose other than filleting fish.
- Follow all local regulations regarding the use of electric knives.

Specific Safety Precautions for Use

- **Electrical Safety:**
 - Ensure that the knife is connected to a properly grounded outlet.
 - Do not use an extension cord that is damaged or not rated for the power of the knife.
- **Blade Safety:**
 - Always handle the blade with care. The serrated edge is sharp and can cause injury.
 - Use protective gloves when changing or cleaning the blade.
- **Operating Safety:**
 - Always cut away from your body to avoid accidental injury.
 - Do not force the knife through tough materials; let the blade do the work.
- **Maintenance Safety:**
 - Unplug the knife before cleaning or performing maintenance.
 - Store the knife in a safe, dry place when not in use to prevent accidents.

Instructions for Installation and Usage

1. Installation:

- Ensure the knife is unplugged.
- To attach the blade, align the blade with the slot on the knife handle and push until it clicks into place.
- To remove the blade, press the release button and pull the blade out.

2. Usage:

- Plug the knife into a suitable outlet.
- Hold the knife firmly with one hand on the handle and the other guiding the fish.

- Start the knife by pressing the power button and begin filleting by moving the blade smoothly along the fish.
- If the knife becomes difficult to operate, unplug it immediately and check for obstructions.

3. **PostUsage:**

- After use, unplug the knife and allow it to cool down.
- Clean the blade with warm, soapy water and dry thoroughly.
- Store the knife in a safe location, away from children.

Disposal Instructions

- Dispose of the knife in accordance with local regulations concerning electrical appliances.
- Remove the blade and dispose of it separately, ensuring it is wrapped securely to prevent injury.
- Do not dispose of the knife in regular household waste; check for local ewaste recycling programs.

Contact Information for Further Support

For any safety inquiries or further assistance, please contact the manufacturer directly. Ensure to have your product information ready for a quicker response.

Conclusion

Following these safety instructions will help ensure your safe and effective use of the BUBBA Electric Fillet Knife. Always prioritize safety and handle the knife with care. Enjoy your filleting experience!
